During the early morning hours today a small twin-engine aircraft, operated by Big Brother Aircraft, Inc., of Nashville, Tennessee, was hijacked en route to Atlanta, Georgia, and ordered to divert its flight to Freeport, Grand Bahama Islands. The plane made a fueling stop in Jacksonville, Florida, where one of the subjects, George M. Giffe, Jr., shot and killed the pilot, his wife, and then committed suicide. The remaining subject,
has been charged with violation of the Federal kidnapping Statute in a complaint authorized by an Assistant U. S. Attorney at Jacksonville, Florida. He is currently being held in lieu of \$100,000 bond.

ST-106

Investigation has determined that subject Giffe chartered a flight from Nashville, Tennessee, to Atlanta, Georgia, for 1:15 a.m. October 4, 1971, and arrived at the airport at 1:45 a.m. with his wife and a friend, subject
A struggle occurred at the Nashville Airport that ended with Giffe and
subduing Mrs. Giffe and Giffe commandeering the aircraft at gunpoint, forcing all to board the plane.
was also armed during the flight and relayed Giffe's instructions to the pilot. Giffe informed the pilot that he also had explosives aboard in his luggage which would be detonated if his orders were not followed.

2 OCT 5 1971

When informed a fuel stop was necessary, Giffe ordered the plane to land at Jacksonville, Florida. Giffe was next informed no fuel was available and he sent the copilot,
to discuss obtaining fuel.
advised Bureau Agents of the circumstances of the flight and stated he did not intend to return to the plane. Giffe then sent
to discuss fueling and he was arrested by Agents without resistance even though he was still armed. Agents demanded that all remaining on the plane come out and when this failed shots were fired into the tires and an engine to prevent the plane's departure.

NOTE: See memos (2) 10/4/71 Gallagher to Bates. Facts as set out above have been telephonically read to Jacksonville Office.

The Attorney General

Agents then boarded the plane where they found that Giffe had shot the pilot in the back, shot his wife twice, and committed suicide. A search determined no explosives were on board.

Giffe was a white male born July 11, 1936, at Chattanooga, Tennessee, who had a Bachelor of Science and a Master's Degree in Biology from George Peabody College where he taught for about six years. For the last three years he sold real estate and was the son of a retired U. S. Colonel who is a former Veterans Administration attorney.

b6
b7C

Subject [] is a white male born [] at [] and is the operator of Labri Lounge, Nashville, Tennessee. He had been friendly with Giffe for several weeks and Giffe had promised to assist him in obtaining financing for his nightclub.

You will be advised of any additional pertinent developments.

[redacted]
CRIME ABOARD AIRCRAFT - HIJACKING

Additional facts concerning the hijacking of the private charter flight from Nashville, Tennessee, to Jacksonville, Florida, this morning when three persons were killed have been learned by the Jacksonville Office from interviews.

Subject [redacted] states he operates the Labri Lounge Nightclub in Nashville and has known subject Giffe from five to eight weeks. Giffe promised to obtain financing for [redacted] club and on 10/3/71 Giffe contacted [redacted] to drive Giffe and his wife, Susan, to the airport at about midnight. He states he drove Giffe's Cadillac to the airport where Giffe and his wife began an argument and Giffe pulled one of two guns in his possession. He gave the second gun to [redacted] and told him to keep it with him. Giffe, his wife, [redacted] the pilot and copilot took off for Atlanta and Giffe then instructed the pilot to fly to Freeport, Bahama Islands, and when told they did not have sufficient fuel, he instructed they fly to Jacksonville to refuel.

After the plane landed at Jacksonville, the tower advised there was no fuel available. Giffe instructed the copilot to get off the plane and attempt to obtain fuel. When he did not return Giffe instructed [redacted] to go and see if he could obtain fuel for the flight. [redacted] was arrested by Bureau Agents after he left the plane.

[redacted] copilot, advised he was contacted on 10/3/71 to go with a charter flight from Nashville to Atlanta, departing at 1:15 a.m. 10/4/71. He arrived at the airport shortly after midnight and prepared for the flight. At about 1:45 a.m. Giffe, his wife, and [redacted] arrived and Mrs. Giffe was fighting and screaming and Giffe and [redacted] threw her to the runway to subdue her. Giffe produced a badge and credentials

Memo to Mr. Bates from Gallagher
Re: GEORGE H. GIFFE, JR. etc.

saying he was with CIA and that his wife was a mental patient they were taking to Atlanta for treatment. Once on board Giffe pulled a gun and forced the pilot to fly to Jacksonville en route to Freeport, Grand Bahama Islands. Giffe also made the statement that he had explosives aboard in his luggage that he would detonate unless his instructions were followed.

En route to Jacksonville they radioed for extra fuel and supplies for overseas flight. Once they landed in Jacksonville the tower advised there was no fuel available and Giffe commanded they take off immediately. The pilot said there was insufficient fuel and requested permission to leave the plane to obtain more fuel. Copilot [] departed the plane and informed Bureau Agents as to what had transpired and stated he had no intention of returning to the plane in view of circumstances. b6 b7C

Jacksonville is filing Crime Aboard Aircraft - Hijacking charges against [] and Copilot [] is remaining at Jacksonville to give testimony.

CIA headquarters has advised that the subject is in no way affiliated with that Agency.

ACTION:

The matter is being closely followed and a letter to the Attorney General is being prepared.

This is a new aircraft hijacking case wherein two white male subjects abducted the wife of one subject and commandeered private chartered plane at gunpoint in Nashville, Tennessee, for flight to Atlanta, Georgia. Destination altered in flight and plane landed at Jacksonville, Florida, 5:09 a.m., today. Subjects had made demand for charts and overseas flight gear for continuation to the Bahama Islands. Subject [REDACTED] has been arrested and is being charged with Crime Aboard Aircraft - Hijacking and co-pilot [REDACTED] will remain in Jacksonville as a material witness.

Immediately upon landing at Jacksonville, the co-pilot jumped from the plane and ran. He was immediately detained by Bureau Agents who were deployed a distance from the aircraft. As the Agents attempted to determine the details of the hijacking, a second individual subsequently identified as subject [REDACTED] ran from the plane. He likewise was detained by the Agents. FBI Agents at this time shot out the tires and one engine in order to immobilize the aircraft. Several shots were fired apparently by subject George Giffe, 2 of which exited the windshield narrowly missing Assistant Special Agent in Charge [REDACTED]. Agents rushed the plane and found the pilot, Giffe's wife, and Giffe all apparently dead from shots fired by Giffe.

Preliminary investigation has identified Giffe as a white male born 1937, a former college professor at George Peabody, in Nashville, Tennessee, who has been reportedly unemployed for past three years and has had several separations from his wife Susan during this period.

An autopsy is being conducted at the Jacksonville hospital and preliminary examination indicated no wounds inflicted by Agents gunfire. No Bureau personnel injured.

The above-captioned individual appeared unannounced in Bishop's Office on the afternoon of 10/5/71. He stated that he wished to talk to Bishop concerning the Bureau's policies with regard to handling hijackings. When asked what he meant, he stated that he was motivated to come in because of the attempted hijacking which was thwarted by Bureau Agents at Jacksonville, Florida, on 10/4/71, during which the hijacker killed his wife, the pilot of the plane and then committed suicide. advised that he has already talked to representatives of the Federal Aviation Administration and has determined from them that when the pilot of a commercial plane being hijacked asks that he not be interfered with, his wishes are obeyed.

stated that he wanted to find out if a similar policy applied in the case of privately owned airplanes, as was apparently the situation in the Jacksonville case. Bishop advised that the FBI does not set policy in hijacking matters and suggested that he take his inquiry to the Department of Justice.

From remarks made by it was obvious that he is exercising "20/20 hindsight" and is attempting to find some reason to blame the FBI for the deaths which occurred at Jacksonville.

'BRILLIANT' PARANOID Mad hijacker killed wife he 'loved so much'

NASHVILLE, Tenn. (AP) — George Mallory Gille Jr. was described as a brilliant paranoid who practiced witchcraft, compared himself to Caesar and thought he was smarter than any one else.

Mr. Gille, 35, according to the FBI, kidnaped his estranged wife and hijacked a twin-engine plane yesterday. While on a refueling stop at Jacksonville, Fla., the agents said, he shot his wife, Susan, 29, the pilot, Brent Downs, 29, and then himself.

'HE WAS BRILLIANT'

"I never believed he would kill her," Mrs. Joseph Lakich, Mrs. Gille's mother said.

"He was brilliant," she added.

"He was sort of a chameleon. He lived in a fantasy. He believed in witchcraft and practiced witchcraft. He compared himself to Caesar and thought he could outsmart everybody."

"He carried a weapon all the time. He said he felt he had been reincarnated and had over-spent his time here."

Mr. Gille left suicide notes to his wife, his father and someone named "Carole."

To his wife he said: "I love you so much that you could stick a blade thru my heart and all I would ever do would be to look in your eyes and kiss you."

He told his father: "I love you more than words can say. You were a brave soldier. But my wife knows too much about me. I have been ordered to kill."

Mr. Gille, a 256-pound real estate agent with a Master's degree and his striking wife had marital problems for some time, Mrs. Lakich said.

She said that one time Mr. Gille had made his wife strip naked and he beat her.

Mrs. Gille came to stay with her parents numerous times during the couple's troubled marriage. Mrs. Lakich said her son-in-law always would promise to act better, but the good behavior would last only a short time.

Mrs. Lakich said her daughter had "a kind, beautiful" what got her killed.

"He was sort of paranoid," she said. "Susan loved him and wanted to get along. He tried to make fantastic deals and everything always fell thru with him."

Mrs. Lakich said Mr. Gille's father is dying of cancer and his mother is sick in a hospital.

He taught for six years at Peabody college here where he met Susan, she said.

Today, the FBI was being criticized by the owner of the hijacked plane because they refused pleas from Mr. Gille and copilot Randall Crump, 32, to allow them to refuel and fly on to the Bahamas.

"They tried to bluff them and the bluff failed," said Mack Brothers Jr., of Nashville, Tenn., owner of Big Brothers charter service.

Special agent W. H. Alexander, in charge of the Jacksonville FBI office, refused comment on why the decision was made to disable the plane. The FBI said a statement would be made today regarding the hijacking.

Agents shot the tires and right engine of the Hawk Commander after the copilot, Crump, and an alleged accomplice of the hijacker, Bobby Wayne Wallace, 42, left the craft to plead with the FBI for fuel.

BULLETS MISSED AGENT

FBI agent Jim O'Connor said several shots from the plane narrowly missed him. Moments later, more shots were heard aboard the plane. Agents rushed into the craft and found all three occupants dead of gunshot wounds.

Mr. Gille, shot once in the head, was sprawled in the rear of the plane. His pretty

Reference is made to my letter dated October 4, 1971, concerning the hijacking on that date of a chartered aircraft owned by Big Brother Aircraft, Incorporated, from Nashville, Tennessee, to Jacksonville, Florida. George M. Giffe, Jr., the hijacker, shot and killed his wife, the pilot, and himself.

On October 5, 1971, United States Attorney Charles H. Anderson, Middle District of Tennessee, Nashville, Tennessee, advised he was contacted by [redacted] a Nashville attorney and former United States Attorney for the Middle District of Tennessee. [redacted] advised he is representing Big Brother Aircraft, Incorporated, and the relatives of Mrs. George M. Giffe, Jr., and Brent Downs. [redacted] stated he intends to file a suit under the Federal Tort Claims Act for \$100,000 against the FBI. [redacted] advised he was filing an injunction before United States District Court Judge Frank Gray, Jr., Middle District of Tennessee, Nashville, Tennessee, on October 5, 1971, requiring the Federal Aviation Administration to produce all pertinent tape recordings relating to the flight from Nashville, Tennessee, to Jacksonville, Florida.

On October 6, 1971, United States Attorney Charles H. Anderson advised United States District Judge Frank Gray, Jr., issued an order impounding tape recordings of the radio conversations between the pilot of the hijacked aircraft and the authorities at Jacksonville Airport on October 4, 1971. The court ordered a hearing concerning the injunction be set for October 8, 1971.

[redacted] Channel 4, WJXT, Jacksonville, Florida, (owned by the "Washington Post" newspaper) called my office the morning of October 5, 1971, and spoke to Bland. [redacted] stated that he had just spoken to SAC William Alexander in the Jacksonville Office inquiring concerning the Bureau's policy in hijacking matters, particularly as it related to the hijacking and events occurring in the captioned case on October 4, 1971. He said that in addition he had asked Alexander as to whether there were written instructions in regard to handling various hijacking situations, whether there was a written instruction to cover the situation in the captioned hijacking, and whether his (Jacksonville's) office was looking into the full facts in the matter.

[redacted] in a very arrogant manner demanded that he be advised as to the exact policy in the handling of hijack situations and as to whether there were written instructions. [redacted] was advised that the Bureau would have no comment concerning his request for a discussion concerning investigative policy as he had been advised by SAC Alexander, and that his demanding attitude was not appreciated.

SAC Alexander, Jacksonville, advised this morning that [redacted] intended to go over his head to Washington in this matter.

(HIJACK)

JACKSONVILLE, FLA.--THE HEAD OF THE JACKSONVILLE FBI OFFICE SAID TODAY HE WOULD HAVE NO FURTHER STATEMENTS TO MAKE ABOUT THE FBI'S ATTEMPT TO STOP A PRIVATE PLANE HIJACKING WITH GUNFIRE THAT MAY HAVE CAUSED THE HIJACKER TO KILL HIS ESTRANGED WIFE, THE PILOT AND HIMSELF.

SPECIAL AGENT W. H. ALEXANDER, IN CHARGE OF THE JACKSONVILLE FBI OFFICE, SAID HE WOULD HAVE "NO FURTHER COMMENT" ON THE HIJACKING.

THE PRESIDENT OF THE SMALL CHARTER AIRLINE THAT OWNED THE PLANE SAID THE FBI MADE "A CARDINAL MISTAKE" MONDAY IN REFUSING TO ALLOW THE PLANE TO BE REFUELED FOR THE HIJACKER'S INTENDED FLIGHT TO THE BAHAMAS.

"THEY TRIED TO BLUFF THEM AND THE BLUFF FAILED," SAID MACK BROTHERS JR., OF NASHVILLE, TENN.

A FEDERAL LAW ENFORCEMENT SOURCE TOLD UPI, HOWEVER, THAT A "COMPLETE SCRUTINY OF WHAT TRANSPIRED AND WHAT WENT WRONG" WOULD BE MADE.

"IF IT HAD NOT BEEN FOR THE FACT THAT THE FBI TOOK MATTERS IN THEIR OWN HANDS, THE PILOT WOULD PROBABLY BE ALIVE," CHARGED BROTHERS.

My dear Senator:

Your letter concerning the chartered aircraft that was hijacked on October 4, 1971, from Nashville, Tennessee, to Jacksonville, Florida, was received October 12, 1971.

You requested a report on the events as they transpired concerning that incident. Since this matter is currently pending before the courts, I am unable to comment concerning the facts or to furnish you with a report.

In connection with your particular request concerning voice recordings of communications with the aircraft, it is pointed out these were the subject of a hearing in United States District Court in Tennessee on October 8, 1971, at which time a United States District Judge issued an order instructing Federal Aviation Administration authorities to preserve recording tapes of radio communications in their original condition. The FBI does not have possession of the original tape recordings.

10/14/71

Sincerely yours,

J. Edgar Hoover

NOTE:

By letter dated 10/7/71 U. S. Senator Howard H. Baker, Jr., (Republican - Tennessee) inquired concerning the 10/4/71 hijacking of the chartered flight from Nashville, Tennessee to Jacksonville, Florida. His letter requested a report as soon as possible and he particularly wanted to know whether or not voice recordings had been made and whether they were still available.

Senator Baker is not on the Special Correspondent's List. Our relations with the Senator have been satisfactory, but primarily concerned constituent and official matters.

Dear Mr. Hoover:

On October 4, 1971, an Aero Commander belonging to Big Brother Aircraft Company, Nashville, Tennessee, was chartered for a trip to Atlanta; and as you know, was the victim of a hijack attempt. Big Brother is a distinguished Nashville-based operation, and I would like to have as soon as possible a report on the events as they transpired. I would particularly like to know whether or not a recording of the voice communications with the aircraft at pertinent times was made and is still available.

Sincerely,

Howard H. Baker, Jr.

The purpose of this memorandum is to recommend the handling of three pieces of correspondence received at the Bureau concerning the attempted hijacking of a private plane which resulted in the death of the hijacker's wife and pilot of the plane.

A letter was received 10/7 from [redacted] of San Antonio, Texas, addressed to the Director stating his dissatisfaction and that he would like to see a policy of "passengers first" reinstated. Bufiles contain no record of [redacted]

A copy of a letter to the President was received 10/7 from [redacted] of Shillington, Pennsylvania, expressing his concern and asking the President to initiate investigation of the Bureau's irresponsible handling of this air piracy. Bufiles contain no record of [redacted]

A brief, sarcastic telegram was received 10/6 from [redacted] of Key West, Florida, merely expressing congratulations on the "Giffe murders." Bufiles disclose an outgoing 1/12/71 to one [redacted] of West Palm Beach, Florida, in reply to his letter commending the Director; however, it is not known whether he is identical with correspondent.

None of the three communications asks any questions about this matter, nor do they seek information or commentary. Since this is a matter of pending investigation, and the correspondence by its nature begs no response, it is not felt an acknowledgment is warranted.

RECOMMENDATION:

That no acknowledgment be made of the communications from [redacted]

Federal Bureau of Investigations
 Washington D.C.

Dear Mr. Hoover:

George Giffe

I have always had a lot of respect and confidence in the FBI and their operation. However, the incident over the weekend in Jacksonville, Florida causes some doubt now. The lives of two innocent people seems like a terrible price to pay for grounding a plane.

I would like to see the policy of the passengers come first reinstated.

Sincerely,

[Redacted Signature]

San Antonio, Texas 78227

This Copy To: J. Edgar Hoover

Richard M. Nixon
President Of The United States
Washington, D. C.

Dear Mr. President:

I wish to register my shock and disgust of the F.B.I.'s action in Jacksonville, Florida, on October 4, 1971, concerning the F.B.I.'s "attempt" to prevent Mr. George Giffa from skyjacking of a private plane to the Bahamas. From the accounts presented by newspaper s, radio and television news, I can only conclude that the manner in which the F.B.I. handled the situation caused the death of Susan Giffa and Brent Downs.

I consider myself a law and order advocate, but if all I have on the side of law and order is a F.B.I. who know how to shoot first and count the dead later, I have no hope. In the interest of justice, I feel an investigation of the incident is warranted to determine if the F.B.I. acted in a irresponsible manner and in so doing caused the death of Mrs. Giffa and Mr. Downs

Respectfully yours,

Shillington, Pa. 19607

OCT 6- 1971

BRANDON LEWIS, Clerk
~~by Brandon Lewis~~

CIVIL ACTION NO. 6322

COMPLAINT

1. Jurisdiction of this action is based upon 28 U.S.C. 1651. Venue of this action is conferred upon this Court by 28 U.S.C. 1391(e). Service of process upon the defendants herein, who are sued in their official capacities only, is governed by Rule 4(d)(4) of the Federal Rules of Civil Procedure. This action involves an amount in controversy, exclusive of interest and costs, exceeding the sum of \$10,000.00, and also involves equitable relief under the provisions of 28 U.S.C. 1651.

2. Plaintiff was and is the owner of an aircraft, designated as "Commander 9058N", which was involved in an incident occurring on or around October 4, 1971. Plaintiff is engaged in the business, inter alia, of chartering or renting its aircraft to private persons for hire. It rents such an aircraft, a Hawk Commander manufactured by Rockwell Standard, Inc., purchased by the plaintiff approximately two years ago at a ^{distributor} cost exceeding \$300,000.00, to a private person or persons for a flight from Nashville, Tenn., to Atlanta, Georgia. Included in the charter of said aircraft was the furnishing of a fully qualified

and licensed pilot and co-pilot, employees of the plaintiff.

3. Commencing said charter and ensuing thereafter, said aircraft was forcibly and at gunpoint required to depart Nashville, Tennessee, with an unknown destination in the Bahama Islands. The occupants were three in number, other than the pilot and the co-pilot. Upon information and belief, said occupants consisted of the husband and wife, who were estranged, and an accomplice of the husband, who assisted him in forcing the estranged wife against her will to accompany them upon said aircraft. When said aircraft, under the circumstances described, approached ^{Chattanooga, Tennessee} the International Airport at Atlanta, Georgia, ~~it was ordered by the husband to proceed to Jacksonville, Fla.~~ ^{IT WAS ORDERED by the husband to proceed to Jacksonville, Fla.} ~~it communicated to the agents and employees of the defendant, The Federal Aviation Administration (hereinafter referred to as "FAA") the circumstances under which it was traveling and its need for a landing for the purpose of taking on fuel so as to travel to the Bahama Islands under the direction of the said husband who was controlling the movements of said aircraft and its destination under the threat of bodily harm to the pilot and co-pilot, himself and the estranged wife with a pistol.~~

4. Upon information and belief, when plaintiff's employees, the pilot and co-pilot, requested permission to land at the International Airport at Atlanta, Georgia, for the purpose of refueling, they were directed by employees and agents of the defendant, J. Edgar Hoover, Director of the Federal Bureau of Investigation, not to land or attempt to land at Atlanta, Georgia, but to proceed to Jacksonville, Florida. The employees and agents of the defendant FAA concurred in the advice and directions given to the pilots of the plane by turning over the radio communications to the Federal Bureau of Investigation or, upon information and belief, by giving express directions to said pilots.

5. Upon information and belief, the pilots of the plane proceeded to Jacksonville, Florida, where they landed for refueling before continuing the plane's journey ^{reasonably} to the Bahama Islands. ~~Either in the process of landing or upon landing,~~ the pilots of said aircraft had radio communications with the control tower at the airport

in Jacksonville, Florida, which facilities at said control tower were manned by employees and agents of the FAA and the Federal Bureau of Investigation (hereinafter referred to as "FBI"), in which said pilots advised said employees and agents of their need for refueling and of the fact that an estranged husband on board was armed with a pistol, was threatening to kill the pilot, his estranged wife and himself if the plane was not permitted to refuel and continue to ~~the Bahama Islands~~ ^{its destination}. During ~~said~~ ^{these} conversations, the pilots of the plane warned, if not begged, the agents of the ~~FBI~~ ^{F.A.A.} not to shoot at the plane or to engage in resistance to the refueling operation. Because of the threat and danger of death or bodily harm at the hands of the estranged husband who had clearly voiced to them said threats, ~~upon landing, no fuel arrived to refuel. The pilots contacted the tower to request fuel. In spite of these warnings, when the plane landed at Jacksonville, Florida, agents of the defendant FBI opened fire upon the aircraft, shooting the tires and one of the engines of the aircraft. Shortly thereafter, the said estranged husband on board the aircraft, by means of the handgun in his possession, pursuant to the threats previously made, killed the pilot of the plane, his estranged wife and himself.~~ ^{Why they were not receiving fuel. An FBI agent stated the aircraft would not be permitted to leave. Thereafter FBI agents fired on the aircraft, shooting the tires and one of the engines of the aircraft.}

6. Under the facts hereinbefore alleged, plaintiff has and intends to pursue and prosecute an action for damages against the United States of America under the Federal Tort Claim Act, 28 U.S.C. 2671 et seq., for damages to its personal property, to-wit, the valuable aircraft involved in the incident, and avers that said damages thereto are in excess of the sum of \$100,000.00. This Court has and will have jurisdiction and venue of said action pursuant to 28 U.S.C. 1391(3).

7. Essential to plaintiff's ability to present and prosecute its claim for damages, as aforesaid, and essential to the jurisdiction of this Court to entertain, hear and determine said action, is the preservation of certain vital evidence now in the hands and under the custody and control of employees and agents of the defendant FAA and/or the defendant FBI. The United States of America will be a defendant to such action and such action will involve the culpability

of either or both of the defendant agencies of the United States of America. Said evidence consists of mechanically or electronically recorded tapes of conversations between occupants of the aircraft owned by the plaintiff and employees and agents of the defendants FAA and/or FBI at Nashville, Tennessee, Atlanta, Georgia, Jacksonville, Florida, and perhaps other geographical locations unknown to the plaintiff at the present time. Upon information and belief, plaintiff avers that employees and agents of the defendant FBI have been endeavoring and will continue to endeavor to secure possession and control of said tapes, and plaintiff, at the time of the filing of this suit, does not know whether said tapes have been released to the FBI or remain in the custody and control of the FAA.

8. Plaintiff avers and charges that there is no statute, rule or regulation pursuant to the laws of the United States of America which places the duty upon and requires the defendants to preserve intact such evidence, but, to the contrary, the preservation of such evidence intact is left wholly to the discretion, whim, fancy and caprice of the employees and agents of the defendants. Plaintiff avers, upon information and belief, that it or its attorneys have been advised by a representative of the FAA that there is in existence a regulation which requires it to keep said tapes for a period of fifteen (15) days from the date of their recording, after which they may be destroyed, and it is the practice of said agency so to do. Plaintiff, however, is not advised of any law of the United States of America, or regulation made pursuant thereto, which requires the preservation of said tape for any period of time.

9. Plaintiff avers and charges that if said tapes are permitted by the person or persons having the custody and control thereof to be tampered with in any way, the most vital and essential evidence to the filing, prosecution and presentation of plaintiff's claim may and probably will be destroyed unless the same be prevented and that said vital evidence be preserved under appropriate orders of this Court. Plaintiff avers and charges further that the employees and agents of the FBI and FAA have and

may pursue a selfish interest in suppressing, concealing and/or tampering with the original status and existence of said tapes in such manner that the same may destroy or defeat plaintiff's ability to present to this Honorable Court relevant material and vital evidence in the prosecution of its claim for damages unless restrained by this Court as hereinafter prayed. Plaintiff avers further that the issuance of the writ of injunction hereinafter prayed is necessary or appropriate in aid of the jurisdiction of this Honorable Court to entertain, hear and determine plaintiff's claim of action and is agreeable to the usages and principles of law which include the invocation of the Court's power and writs in the premises to preserve essential evidence necessary to the prosecution of private claims against the sovereign..

10. Plaintiff avers further that time does not permit it to proceed under the provisions of Rule 27 of the Federal Rules of Civil Procedure, which provides for, under certain circumstances, the preservation of certain evidence, but which requires at least twenty (20) days' notice before the day of hearing by the Court of the taking of depositions thereunder in view of the facts and circumstances alleged in this complaint.

PREMISES CONSIDERED, PLAINTIFF PRAYS:

1. That prior to or upon the filing of this action, the Court issue a temporary restraining order, restraining the defendants, their agents, servants, employees and attorneys, from tampering with, altering, erasing, defacing, splicing or otherwise physically impairing the original condition of any and all recordings of any and all conversations or communications between ^{any persons and} occupants of the aircraft designated as "Commander 9058N" in flight and enroute from Nashville, Tennessee, via Atlanta, Georgia, to Jacksonville, Florida, inclusive of the point of the departure and the point of destination on or around October 4, 1971, or within any twenty-four (24) hours preceding or succeeding said date, or from attempting to do so; and

further from permitting any person or persons to have the control and possession thereof or access thereto, other than in the presence of a custodian designated and authorized by the head of the defendant departments for the purpose of being responsible for the preservation of said recordings in their original form and condition.

2. That upon notice and hearing, a preliminary injunction issue by orders of this Court, restraining the defendants as prayed in the first prayer hereof and further ordering and directing the defendants, their agents, servants, employees and attorneys, to forthwith deposit any and all such recordings described in the first prayer hereof with the Clerk of this Court for safekeeping, with access thereto to be permitted only upon express orders of this Court.

3. For general relief.

CIVIL ACTION NO. 6322

AFFIDAVIT

STATE OF TENNESSEE)
COUNTY OF DAVIDSON)

I, Gilbert S. Merritt, attorney for plaintiff, Big Brother Aircraft, Inc., make oath that I communicated the substance of the attached complaint and application for temporary restraining order to the Honorable Charles H. Anderson, United States District Attorney for Middle Tennessee, by telephone at 7:45 P.M., October 5, 1971, and he advised that he would not need to be present when the complaint and application for temporary restraining order are presented to the Court and stated that he had no objection to their presentation to the Court ex parte by attorneys for plaintiff. In view of the urgent need for action to preserve the evidence described in the attached complaint, the efforts to give notice described herein, together with the lack of objection by the United States Attorney to ex parte presentation, satisfies Rule 65(b)(2), Federal Rules of Civil Procedure, and no further notice is required.

CIVIL ACTION NO.

6322

TEMPORARY RESTRAINING ORDER

Application having been made to Honorable Frank Gray, Jr.,
Judge, for the issuance of a temporary restraining order as prayed
in the complaint filed in this cause and upon good cause shown,
it is the finding and opinion of the Court that such temporary
restraining order should issue; and it is accordingly

ORDERED, ADJUDGED AND DECREED by the Court that the defend-
ants, and each of them, their agents, servants, employees, attorneys
and any and all persons acting in concert with them, be and they
are hereby temporarily restrained from tampering with, altering,
erasing, defacing splicing or otherwise physically impairing the
original condition of any and all recordings of any and all conver-
sations or communications between any persons and occupants of the
aircraft designated as "Commander 9058N" in flight and enroute from
Nashville, Tennessee, via Atlanta, Georgia, to Jacksonville, Florida,
inclusive of the point of the departure and the point of destination,
on or around October 4, 1971, or within any twenty-four (24) hours
preceding or succeeding said date, or from attempting to do so; and

further from permitting any person or persons to have the control and possession thereof or access thereto, other than in the presence of a custodian designated and authorized by the head of the defendant departments for the purpose of being responsible for the preservation of said recordings in their original form and condition.

This temporary restraining order shall remain in full force and effect until 11 o'clock A.M., October 8, 1971, unless within the time so fixed this order for good cause shown is extended for a like period, at which time the Court will hear the application and motion of the plaintiff for the issuance of the preliminary injunction prayed in the complaint, at which time the defendants shall appear and show cause, if any, why the preliminary injunction prayed in the complaint should not issue.

The Court further finds that the plaintiff will suffer irreparable injury unless this temporary restraining order is issued in that there is no assurance that the tapes of said communications and conversations, if any, will be adequately and exactly preserved as evidence by the defendant, their agents, servants and employees, unless this temporary restraining order is issued; and it appearing to the Court that the recordings of said communications or conversations are essential to the investigation and presentation of plaintiff's prospective claim alleged in the complaint, and without a preservation of the same, an injustice may result; and it further appearing to the Court that due to doubt about the custody and control of said recordings and the present whereabouts of the same, all of the defendants herein should be restrained as provided herein and that all possible notice of the application for this temporary restraining order has been given by attorneys for the plaintiff to the United States Attorney at Nashville, and that the provisions of the Federal Rules of Civil Procedure for the issuance of a temporary restraining order without notice have been adequately complied with, it is so ORDERED by the Court.

A condition of the issuance of this temporary restraining order is the filing and posting of a good and adequate surety bond by the plaintiff in the penal sum of \$ 250.00, conditioned for the payment of such costs and damages as may be incurred or suffered by any party who is found to have been wrongfully enjoined or restrained.

ALL OF WHICH IS SO ORDERED BY THE COURT at 12:10 'clock
A.M., this October 6, 1971.

Frank Dray, Jr.
JUDGE

Reference is made to my letters dated October 4, 1971, and October 7, 1971, concerning this matter.

By my letter dated October 7, 1971, you were advised of the intention of the Big Brother Aircraft, Incorporated, to institute suit against the FBI in the amount of \$100,000 under the provisions of the Federal Tort Claims Act. This intended suit is in connection with the events involving the hijacking of a chartered flight of the plaintiff company from Nashville, Tennessee, to Jacksonville, Florida, on October 4, 1971. Attorney for the plaintiff company filed an injunction in U. S. District Court, Middle District of Tennessee, Nashville, Tennessee, on October 5, 1971, requiring the Federal Aviation Administration to produce all pertinent tape recordings relating to the flight.

By letter dated October 6, 1971, the law offices of Nashville, Tennessee, forwarded to this Bureau a copy of the Summons, Complaint, Affidavit of Counsel and Temporary Restraining Order issued by U. S. District Judge Frank Gray, Jr. A review of the Complaint indicates the plaintiff is alleging damage to his aircraft and is claiming the right to recover under the Federal Tort Claims Act.

The Attorney General

At a hearing in U. S. District Court, Nashville, Tennessee, on October 8, 1971, U. S. District Judge Frank Gray, Jr., signed an order instructing Federal Aviation Administration authorities to preserve in their original condition the recordings of radio communications in connection with this incident. U. S. Attorney Charles H. Anderson of Nashville, Tennessee, pointed out to the court that at no time did the Agents of the FBI take control or possession of the original tapes.

Any additional pertinent developments will be furnished to you.

Special Agent W. H. Alexander,
Office of the Bureau of Investigation,
Jacksonville, Florida.

Dear Sir:

George M. GIFFE

I take your name from the newspaper account of the recent Plane High-jacking occurrence in your City.

Your Department I believe did exactly right on October 4th in stopping the private Plane in Jacksonville on which George Giffe later killed his wife and himself. The man Giffe was kidnapping an American citizen. It was the duty of your Department to stop that criminal act. There was no reason to believe that Giffe would kill anyone.

A Nashville man has criticized your Department in the press. He is entirely wrong. If it had been his wife or daughter that was being kidnapped he would have insisted that you stop the Plane. He is apparently mad because his plane tire was shot and he wants some publicity. Don't apologize. The shooting was the unfortunate act of a crazy man that could not have been anticipated.

Yours very truly,

Attached is a scurrilous letter from captioned individual addressed " U. S. Government, Att: General's Office, Washington, D. C." postmarked 10/6/71, at Jacksonville, Florida. The letter is written on a piece of paper approximately 15" by 17" and is hand-written in red and black pen. The letter is critical of the Director, the FBI, police, churches, the courts and the Federal Government in general. In one place the letter refers to the FBI killing three people with machine guns "in the plane" obviously referring to the recent hijacking incident in Jacksonville, Florida.

[REDACTED] was subject of Bureau inquiry in June, 1971, when he sent a hand-printed extortion letter to Judge [REDACTED]

As a result of this investigation the subject admitted writing the letter to the Judge, however, denied he planned to carry out his threat. The subject's wife was interviewed and stated her husband had received a medical discharge from the Navy due to mental problems and had been confined at a Naval hospital in 1968 (at her request) due to mental problems. She said he was scheduled to receive outpatient treatment upon his release which the subject never did. She said her husband has become a religious fanatic, an avid reader and has written numerous letters to public officials churches and businesses where he has made threatening statements. U. S. Secret Service and the Criminal Division, U. S. Department of Justice, were furnished background information concerning the subject by letterhead memorandum 7/9/71, reflecting prosecution was declined.

ACTION:

NOT RECORDED

In view of the above it is recommended that the attached letter not be acknowledged and no further action be taken.

My dear Congressman:

Your letter dated October 12, 1971,
with its enclosure, has been received.

An agreement was entered into by
the Department of Justice and the Department
of Transportation which sets forth that when
an aircraft is not in flight, the designated
representative of the Department of Justice (the
FBI) will make the decision, where appropriate, to
interrupt or take other positive action with
respect to a hijacking.

I wish to assure you our primary
consideration in all aircraft hijacking cases
has been and will continue to be the well-being
of all persons aboard.

Since the matter referred to by Mr. Gratz
in his telegram is the subject of actions in the
courts, I am unable to comment further concerning
it.

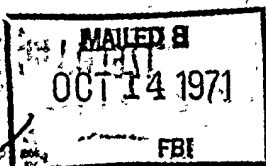

Sincerely yours,

J. Edgar Hoover

Honorable Charles S. Gubser

NOTE: By letter 10-12-71, Congressman Charles S. Gubser (Republican - California) forwarded to the Bureau a copy of a telegram he received from John Paul Gratz, Chairman, TWA Council, Airline Pilots Association, Saratoga, California. The Congressman requested our comments regarding Gratz's telegram. This telegram concerned the 10-4-71, hijacking of a private chartered flight from Nashville, Tennessee, to Jacksonville, Florida. Gratz erroneously implied the Bureau's actions were not in accord with the agreement between the Justice Department and the Department of Transportation. Gratz is not identifiable in Bureau files.

Congressman Gubser is not on the Special Correspondents' List; however, our relations with him have been cordial.

HOUSE OFFICE BLDG WASHDC

DEAR SIR:

LATEST HIJACK INTERCEPT BY FBI AGAIN RAISES GRAVEST CONCERN
OF AIRLINE PILOTS THAT THE FBI IS BENT ON A SHOOT FIRST
SOLUTION TO THE PROBLEM OF AERIAL PIRACY. THIS IS COUNTER
TO MOST RESPONSIBLE JUDGMENTS. AIRLINE PILOTS ARE RESPONSIBLE
BY LAW FOR THE SAFETY OF THEIR PASSENGERS AND CREW WHEN HIJACKED.
A DECISION TO INTERDICT MUST BE COORDINATED WITH THE FLIGHT
CAPTAIN. THERE ARE SEVERAL ESTABLISHED PROCEDURES TO DO THIS
UNTIL ASSURANCES ARE GIVEN. TO US WE SHALL CARRY ADDITIONAL
CONCERN THAT IF HIJACKED WE SHALL BE MET WITH A FUSILLADE
OF GUNFIRE WHEN WE LAND NO MATTER WHAT THE SITUATION IS
ON THE AIRCRAFT. THIS IS OUTRAGEOUS WOULD YOU PLEASE HELP

SF-120 (R5-69) XER(S)

Information concerning captioned matter is being set forth below for record purposes by Extra-Duty Agent [REDACTED]

At 3:50 a. m., today, information received from Federal Aviation Administration (FAA) Control Headquarters, Washington, D. C., [REDACTED] was relayed to the Jacksonville Office. This included information that FAA advised that a private chartered aircraft, twin-engine aero commando turbo-jet No. 9058N, had been reported hijacked en route from Nashville, Tennessee, Metropolitan Airport to Atlanta, Georgia. This plane had reportedly left Nashville at approximately 2:59 a. m., Eastern Standard Time, and its expected arrival time at Jacksonville, Florida, was 5:25 a. m. The plane had fuel for about 4 1/2 hours travel time or sufficient amount to travel 900 miles. Jacksonville Duty Agent [REDACTED] was in the process of receiving the same information from FAA in Jacksonville at the time he was called by SA [REDACTED]

At 3:55 a. m. the Memphis Office was contacted and Security Patrol Clerk [REDACTED] was immediately advised of the hijacking as the duty Agent, [REDACTED] was on the telephone with the FAA, Memphis.

Both the Jacksonville and Memphis Offices were instructed to immediately give this matter top priority investigative attention and to keep the Bureau advised of all developments. At 4:05 a. m., Unit Chief [REDACTED] was advised of this matter and instructed that he be kept apprised of developments. At 4:16 a. m. FAA Duty Officer [REDACTED] advised that the aircraft had been diverted from Atlanta to Jacksonville and at that time the plane was 12 miles west of Macon, Georgia. It was also determined that two men had arrived at the Nashville Airport with a woman and a scuffle had ensued at which time the men allegedly pulled guns and ordered the pilot to take off.

Gallagher to Bates Memo
RE: GEORGE M. GIFFE, JR. (DECEASED)

It was further reported that in addition to the three passengers, the plane crew consisted of a pilot and co-pilot. The name of the aircraft chartering company was determined to be Big Brother Aircraft Company, a ~~fixed-base~~ charter company located at the Metropolitan Airport in Nashville, Tennessee.

At 4:30 a. m. FAA advised that the plane was still proceeding toward Jacksonville and although there was some indication of a low ceiling, the weather appeared to be such that a landing at Jacksonville would be permitted.

At 4:35 a. m. Duty Agent [] Jacksonville, advised that Agents of that Office were proceeding to the airport and that ASAC [] was expected to arrive at the airport momentarily.

b6
b7C

At 4:55 a. m. Jacksonville Office advised that they had learned that pilot of aircraft had requested approach and landing charts for the Bahama Islands and that overwater gear for 8 people be made available to the aircraft upon landing. Further, the pilot had requested that no one was to come closer than 300 yards to the aircraft except for the refueling employee and further requested 2 bottles of Chivas Regals 12-year-old scotch. Jacksonville advised that the ASAC was then at the airport on the scene. Inquiry was made of Jacksonville of any plan they had in connection with this matter and the hostage-type situation was pointed out to Duty Agent []. He indicated that the ASAC and other Agents were at the airport and that they would "have to play it by ear" in view of the hostage situation.

At 5:00 a. m. Unit Chief [] was apprised of the developments and instructed that Section Chief [] be informed of same. Inspector [] was informed of the developments and instructed that No. 1 Man [] be apprised of the facts. This was done.

At 5:10 a. m. Memphis Office, SA [] informed that investigation at Nashville had determined the possible identity of George M. Giffe, Jr., 4501 Packard Road, Nashville, Tennessee, as one of the subjects and that the female was possibly his wife. It had also been determined that she had been forced into the airplane. Information developed at Memphis that Susan Giffe had been married to Giffe for three years and there had been extensive marital problems. George Giffe was allegedly a former professor at George Peabody College in Nashville. SA [] advised that this information had been telephoned to the Jacksonville Division.

Gallagher to Bates Memo
RE: GEORGE M. GIFFE, JR. (DECEASED)

At 5:25 a.m. FAA Duty Officer [] advised that the plane had landed at Jacksonville at approximately 5:09 a.m. and at the direction of the tower had been directed to an isolated area of the Jacksonville Airport. It was at this time FAA indicated that the plane had radioed the tower a passenger on board had 12 1/2 pounds of plastic explosives. In addition, FAA stated that the pilot had been told that there was no fuel to be given to the plane and no air starter was available. b6 b7C

At 5:35 a.m. SA [] Jacksonville Office, advised that he was in the tower at the airport and he had just learned that two individuals in the plane were believed dead and another one seriously injured. He then said it appears that passenger shot pilot and committed suicide. He was immediately asked if any Agents did any shooting and if there were any Bureau personnel hurt. He said "Negative, negative."

At 5:45 a.m. SA [] advised that the husband and wife team aboard appeared to have committed suicide and that the pilot was deceased. He indicated the co-pilot was alive and that another male on the plane was alive.

At 6:10 a.m. SA [] identified the deceased subject as George M. Giffe, Jr., date of birth 7/11/37, and his wife as Susan who was also deceased. He stated the pilot, (First Name Unknown) Downs, was also believed to be deceased.

At 6:15 a.m. Memphis Office advised that Brent Downs was a pilot for Big Brother Aircraft, Incorporated, Nashville, and that it had been determined that Giffe had scheduled the chartered plane on 10/3/71, and had paid \$417. It was further learned that Susan Giffe who was separated from George had worked at the King of the Road Motel in Nashville where she was picked up by George Giffe in a gold Cadillac and traveled to the airport. Further, an individual had called the airport to delay the flight indicating the party for Atlanta was running late. Memphis also advised that the co-pilot's name was []. The Jacksonville Office subsequently advised the other male on board was []. Inspector [] and Inspector [] of the Crime Records Division were apprised of the details in this matter.

Gallagher to Bates Memo
RE: GEORGE M. GIFFE, JR. (DECEASED)

At 6:55 a.m. a call was placed to the Jacksonville Office in order to reach an Agent at the scene who could furnish details concerning this matter. The Jacksonville Duty Agent, [] advised that at the time ASAC [] was on the telephone with the SAC and he would have him call from the airport. ASAC [] subsequently telephoned the Bureau and furnished the following information concerning captioned matter:

b6
b7c

The plane had landed at 5:09 a.m. and was shunted to a private area of the airport and at FBI instructions, the tower told the pilot that no fuel and air starter were available. He advised that he observed after the plane had come to a stop a man running from the aircraft. ASAC [] stopped this individual and determined that he was Co-Pilot [] who stated that the passengers on the plane wanted to go to the Bahamas. A short time later another individual jumped out of the plane and he was determined to be subject [] ASAC [] stated he then ordered an Agent to shoot the tires. He, [] personally shot the tires on one side of the airplane and ordered an Agent with a rifle to shoot the right engine of the plane which was still operative. He advised that he heard what was believed to be five shots fired inside the plane, two of which came through the front window and one narrowly missing him. He stated that upon looking in the plane, he found Giffe and Susan deceased and the pilot had been shot in the back.

ASAC [] advised that the Duval County Sheriff's Office was present and that an ambulance had taken one occupant of the plane to the hospital who was pronounced dead on arrival. He advised that at the time they were awaiting the coroner from Duval County as Florida law did not permit the removal of the bodies until the coroner released same. ASAC [] stated that he was also awaiting the arrival of explosive experts from the military as he, [] had removed from the plane a package which was alleged to be an explosive device and had set this in an isolated area.

[] instructed ASAC [] to insure that Agents were on the scene at the autopsy and to stay with the bodies until the autopsy was completed. He was instructed to make certain that all evidence is protected, including the aircraft, and further to insure sufficient personnel is assigned to handle these assignments.

ACTION: For information.

October 1971
GENERAL INVESTIGATIVE DIVISION

This is the case concerning the early AM, 10/4/71, hijacking of a chartered flight from Nashville, Tennessee, to Atlanta, Georgia. Flight diverted by hijackers to Jacksonville, Florida, where subject Giffe shot and killed the pilot, his wife, and himself. Subject's Cadillac located at Nashville Airport reveals numerous letters indicating Giffe planned to kill his wife and commit suicide. FBI Agents in Nashville, with written consent from subject's father, searched Giffe's apartment and located a receipt dated 10/3/71, revealing that subject Giffe made \$200 down payment for chartered plane to Atlanta. Agents also found receipt from a Nashville gun dealer showing Giffe was paid \$100 on 10/1/71, for several guns.

Attached states decision for FBI Jacksonville to disable victim aircraft was based upon pilot's report of low fuel supply and pilot's unfamiliarity with Jacksonville airport which indicated that plane's departure could have resulted in a crash. Also fact that Giffe who was armed and mentally disturbed had been drinking. With aircraft immobilized, FBI Jacksonville felt a successful apprehension of hijacker could be effected.

Vigorous investigation continuing.

October 6, 1971
GENERAL INVESTIGATIVE DIVISION

SUMMARY

This concerns the hijacking of a chartered small twin-engine plane from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71 where subject Giffe shot and killed the pilot, his (Giffe's) wife, and himself. Subject [redacted] has been charged with Federal kidnaping violation and remains in custody in lieu of \$100,000 bond. b6 b7C

Attached relates to SAC, Jacksonville's review of the series of events in connection with this matter which prevented the hijacked plane to continue to the Bahamas.

SAC, Jacksonville points out the action of the Agents under the personal direction of ASAC [redacted] was in the highest traditions of the Bureau and is worthy of commendation.

By separate communication 10/5/71, Memphis advised that a former U. S. Attorney at Nashville, Tennessee, stated he intended to file a suit under the Federal Court Claims Act against the FBI seeking \$100,000 damage possibly on behalf of Big Brothers Aircraft, Inc., owners of the hijacked plane and the parents of Mrs. George M. Giffe, Jr., (deceased).

In view of this it is recommended that commendation for personnel of the Jacksonville Office be held in abeyance at this time.

GENERAL INVESTIGATIVE DIVISION
SUMMARY

b6
b7C

This is the case involving the early a. m. 10/4/71 hijacking of a chartered flight from Nashville, Tennessee, to Atlanta, Georgia, Flight diverted to Jacksonville, Florida, where subject Giffe shot and killed the pilot, his wife, and himself.

Attached states that U.S. Attorney (USA), Nashville, Tennessee, advised our Memphis Office that Nashville, Tennessee, attorney [redacted] (a former USA at Nashville) states he intends to file suit under Federal Tort Claims Act against FBI seeking \$100,000 damage possibly on behalf of Big Brothers Aircraft, Inc. (owner of damaged plane) and parents of Mrs. George M. Giffe, Jr. (deceased). [redacted] stated he is filing a mandatory injunction in Federal Court, Nashville, requiring Federal Aviation Administration to produce all pertinent tapes regarding this incident in U.S. District Court, Nashville.

Memphis has been advised to keep the Bureau immediately informed of all developments concerning this matter. Department being advised.

October 6, 1971

GENERAL INVESTIGATIVE DIVISION

This concerns the 10/4/71 hijacking of a chartered Big Brother Incorporated aircraft from Nashville, Tennessee, to Jacksonville, Florida, where the hijacker shot and killed the pilot, his wife, and himself.

Attached advises U. S. District Judge, Nashville, Tennessee, issued a restraining order 10/6/71 against the Department of Transportation, the Federal Aviation Administration and the FBI restraining them from changing the condition of any and all recordings of conversations between any persons and occupants of the hijacked aircraft. Tape recordings of conversations between hijacked aircraft and Jacksonville authorities now in possession of FAA, Jacksonville, Florida, and Atlanta, Georgia.

A hearing regarding the FAA tapes is scheduled for 11:00 a.m. 10/8/71, U. S. District Court, Nashville, Tennessee. [redacted] Attorney, representing Big Brother Aircraft Inc., relatives of deceased aircraft pilot, and Mrs. George Giffe, contacted Nashville Resident Agency 10/6/71 and advised he was attempting to moderate, somewhat, statements made by [redacted] concerning action of FBI advising [redacted] has only highest regard for FBI. [redacted] further requested FBI present at impending 10/8/71 all information relating to autopsies on subject and victims and all information regarding tape conversations between aircraft and Jacksonville Control Tower. [redacted] was advised to contact Duval County Coroner, Jacksonville, Florida, for any information regarding autopsies and that FAA tape recordings now under jurisdiction of court. Department being advised.

GENERAL INVESTIGATIVE DIVISION

This concerns the hijacking of a chartered flight from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71, where subject Giffe shot and killed the pilot, his wife and himself. Civil suit has been brought against the FBI by the airline company and families of the subject's wife and pilot (both deceased). Attached discloses the Jacksonville Office is obtaining copies of the communication tapes made by the Federal Aviation Administration during the hijacking. Final autopsy reports are not yet available and the subject's body has not yet been released as additional examinations are being conducted concerning powder burns. Subject Giffe's father has given his permission to have the body examined by a Forensic Pathologist who has been hired by the plaintiffs in the civil suit. All bullets fired by subject Giffe and the weapons have been recovered and are retained by Jacksonville. Clothing of subject Giffe and his wife in possession of Jacksonville, however, pilot's clothing released with his body to his wife following the autopsy with the concurrence of the U.S. Attorney, Jacksonville. Mrs. Giffe's body also released to family following autopsy.

Memphis has been instructed to contact U. S. Attorney, Nashville, concerning civil suit to insure criminal prosecution at Jacksonville takes precedence to insure Government interests is protected.

Intensive investigation is continued.

GENERAL INVESTIGATIVE DIVISION

This is the case concerning the 10/4/71 hijacking of a chartered flight originating in Nashville, Tennessee, which was diverted to Jacksonville, Florida, where subject Giffe shot and killed the pilot, his wife, and himself. Attached discloses a U. S. District Judge in Tennessee has issued an order impounding the airport tower tape recordings made in Jacksonville, Florida. This order by the Judge is pursuant to a proceeding filed by Nashville attorneys, wherein the Bureau is being sued \$100,000 by Big Brothers Aircraft Incorporated and by the parents of Mrs. George M. Giffe, Jr., deceased victim.

We are attempting to obtain verbatim copies of the information contained in these tapes.

Attached also indicates Senator Howard Baker (Republican - Tennessee) has issued a statement indicating he has asked the FBI and FAA to provide him with their reports on this case. No such request has been received at this time.

GENERAL INVESTIGATIVE DIVISION

On 10/4/71, subject Giffe shot and killed a chartered plane pilot, (Giffe's) his wife, and himself in Jacksonville, Florida, after he had hijacked the plane from Nashville, Tennessee, with subject [REDACTED]

b6
b7C

Attached discloses information from signed statement of copilot, [REDACTED] concerning the sequence of events in the hijacking. He indicates the subjects struggled with Giffe's wife before entering the plane and that [REDACTED] who has been charged with Federal Kidnaping violation, related Giffe's instructions during the flight. Pilot and copilot realized they had 1 1/2 hour fuel remaining at Jacksonville and both felt could fly to Freeport but purposely did not indicate this to Giffe. After plane arrived at Jacksonville, subjects ordered the plane to take off but pilot and copilot told them they could not and falsely indicated they had only 30 minutes of fuel remaining. When copilot left the plane Giffe was holding a metal box in his lap saying words indicating he would blow up the airplane. Copilot felt ~~that~~ he might be shot in the back as he left the plane. [REDACTED] is unable to recall the actual sequence of events concerning the shooting.

Signed statement also obtained from charter airlines employee who observed subject [REDACTED] attempting to restrain Mrs. Giffe while they were still in the automobile at the airport before the plane departed Nashville. This employee saw both subjects pull guns and then subject Giffe ordered pilots into airplane.

Intensive investigation continuing.

KIDNAPING

b6
b7C

At approximately 4:05 AM, on October 4, 1971, the Jacksonville Office of the Federal Bureau of Investigation was advised by the Federal Aviation Administration Office at Jacksonville International Airport, that a private aircraft, a Hawk Commander 9058N, enroute from Nashville, Tennessee to Atlanta, Georgia, had been hijacked while in flight and was scheduled to land at Jacksonville International Airport for the purpose of refueling before allegedly departing for a continued flight to the Bahamas.

Based upon the receipt of the above information from the Federal Aviation Administration, Special Agents of the Federal Bureau of Investigation were immediately dispatched to Jacksonville International Airport with one Special Agent assigned to the Federal Aviation Administration control tower while other Agent personnel remained on the ground.

The aircraft, upon its arrival at approximately 5:10 AM, was directed by the Federal Aviation Administration Controller on duty in the tower to proceed to the AirKaman area which is the loading and refueling area for general aviation aircraft.

The aircraft was directed to an isolated area in the vicinity of the AirKaman facility and made a 180 degree turn stopping with both engines still in operation.

GEORGE MALLERY GIFFE, JR. (DECEASED);

MRS. GEORGE M. GIFFE, JR., ALSO KNOWN AS
VICTIM (DECEASED)
CRIME ABOARD AIRCRAFT; KIDNAPING

b6
b7C

At this time, the Special Agent assigned to the airport control tower established communication with the pilot of the aircraft and requested that the pilot stop his engines. The pilot of the aircraft did not stop his engines and made a request for fuel for the aircraft but was advised that no fuel or engine starter was available and a demand was made for the surrender of the individuals responsible for the hijacking of the aircraft.

The surveillance of the aircraft was continued by Special Agents of the Federal Bureau of Investigation for approximately five minutes, at which time it was observed that the pilot stopped his left engine and an individual was seen to depart from the plane. This individual, identified as [redacted] the co-pilot of the aircraft, advised that two men and one woman in addition to the pilot was still aboard the aircraft and one of the men had a gun. [redacted] stated at this time that he did not want to reboard the aircraft.

Approximately three to five minutes later, an unidentified figure was seen to emerge from the aircraft and was identified as [redacted] white, male, age 42. [redacted] was immediately taken into custody by Special Agents of the Federal Bureau of Investigation and was found to be armed with a cocked Belgian automatic.

The Special Agent of the Federal Bureau of Investigation in the airport control tower, advised the pilot that neither [redacted] nor the co-pilot would reboard the aircraft and again called for the surrender of the hijacker.

A decision was made at this time to disable the aircraft inasmuch as information had been received from the pilot that he had only thirty minutes of fuel left aboard the aircraft and his departure may well have resulted in a wreck of this aircraft. It was further felt that by disabling the aircraft, the possibility existed that the

Rescue Squad, Duval County, Florida Fire Department, but was dead upon arrival at the Duval Medical Center, Jacksonville, Florida.

Giffe was armed when found with an empty Walther automatic pistol and an additional fully loaded clip of ammunition was found nearby his body in the aircraft.

On October 4, 1971, an Assistant United States Attorney, who was present at the airport scene, authorized the filing of a complaint charging [REDACTED] with violation of Title 18, United States Code, Section 1201 and 2 as an aider and abettor in the kidnaping of Mrs. Susan L. Giffe from Nashville, Tennessee to Jacksonville, Florida.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

In connection with the Director's inquiry concerning the Bureau's policy regarding actions to be taken by Agents on the scene when a hijacked airplane is on the ground, FBI Handbook, Part III, Page 40a, sets forth: "No action should be taken to forcibly disable or board an aircraft without the express permission or request of the captain of the aircraft in question, as actions by outside forces without the prior knowledge and complete cooperation of the captain and his crew could result in total disaster."

The Handbook also states, "FAA (Federal Aviation Administration) is charged with the responsibility of taking whatever action is necessary when a hijacked aircraft is in flight." By agreement dated September 25, 1970, between the Departments of Justice and Transportation, it was decided the captain of a hijacked aircraft is in control and has complete authority over the aircraft from the moment when the power is applied for the purpose of takeoff until the moment the landing run ends. The provisions of the Hijacking Statute apply to private planes being used in interstate commerce for commercial purposes.

The events governing the action by the Jacksonville Office under the supervision of ASAC [REDACTED] in disabling the private chartered aircraft which had been hijacked on October 4, 1971, from Nashville, Tennessee, were based on the following factors:

The plane and the hostages were under the control of a maniac. Subject Giffe allegedly had a box with a bomb on board, a gun, had beaten up his wife, and had been drinking. The pilot had reported his fuel supply was low and he was unfamiliar with the Jacksonville Airport. The ASAC had to make a judgment as to the course of action to be taken operating within the rules. Based on the above factors, a decision was made to disable the plane without causing injury to its occupants. ASAC [REDACTED] reasoned that with the aircraft immobilized, it might be possible to successfully apprehend the hijacker.

Memorandum to Mr. Bates
Re: George M. Giffe, Jr. (Deceased)

In retrospect, it would appear ASAC [] reasoning was accurate since it was later determined that suicide notes had been found in subject Giffe's automobile at Nashville, Tennessee, indicating his intention to kill his wife and himself. Had the plane been refueled and taken off, the strong possibility exists that Giffe would have destroyed the plane and its occupants. In addition, if the plane had been refueled immediately upon its arrival at Jacksonville, the co-pilot and subject [] would not have been allowed off the plane to secure fuel. There is also every probability that Giffe would have killed two additional people on board, and the possibility exists that innocent people would have perished in the event the plane crashed. b6 b7C

ACTION: Recognizing that every situation involving aircraft hijacking cannot be covered in the Handbook, it is felt that the facts in this case should be furnished to the field. The need for the SAC and ASAC to exercise sound judgment will be pointed out, keeping in mind that the paramount consideration is the safety of the crew and passengers. This was the determining factor in this case which motivated ASAC [] actions and it was a calculated risk. If approved, the field will be so advised.

At 3:10 p.m., 10/8/71, [redacted] WLAC-TV, Nashville, Tennessee, telephoned my office and spoke to Bland. [redacted] said that he was interested in the tape recording made in Jacksonville, Florida, in connection with the captioned hijacking matter. [redacted] was advised that any inquiry concerning such a tape should be made of the Federal Aviation Administration (FAA) and that the FBI would have no comments to make concerning tape made by FAA.

Subsequent to this call, Departmental Attorney [redacted] Criminal Division, advised the Bureau that the Legal Counsel's Office at FAA had indicated they had received a call from some TV News Director in Nashville, Tennessee, asking concerning the tape recording. The FAA Counsel said that the News Director had indicated the FBI had said they would have no objection to FAA turning over the tape to the news media. Departmental Attorney [redacted] was advised that this was not the case and that the FBI had made no statement that it had no objection to the release of the tape by FAA. Departmental Attorney [redacted] said that he would make it absolutely clear to the Legal Counsel's Office at FAA that the FBI had made no such statement and that the tape in this matter which was in the custody of FAA should not be released by them.

[redacted] WLAC-TV, Nashville, Tennessee, was recontacted at 3:50 p.m., 10/8/71, to determine if he had misquoted the FBI in this matter. [redacted] said that he had absolutely not told FAA that the FBI had no objection to the release of the tape but had merely said he had been in touch with the FBI and had been referred to FAA in connection with the tape.

October 9, 1971
GENERAL INVESTIGATIVE DIVISION
Summary

This concerns the hijacking of chartered flight from Nashville, Tennessee, to Jacksonville, Florida, on 10-4-71, where subject Giffe shot and killed the pilot, his wife, and himself. Civil suit has been brought against the FBI by the airline company and families of the subject's wife and pilot, both deceased.

Subsequent to the filing of this civil suit, proceedings were initiated to obtain copies of the communication tapes made by the Federal Aviation Administration (FAA) during the hijacking.

Attached relates U.S. District Judge, Nashville, on 10-8-71, signed an order issuing instructions to FAA installations to preserve recording tapes of radio communications in connection with the air piracy and that such tapes are to be preserved in their original state and under exclusive FAA supervision.

U.S. Attorney (USA), Nashville, pointed out to the court that at no time did Agents of the FBI take control of or possession of original tapes and the few transcripts or copies of tapes in possession of the FBI were made under supervision of FAA personnel. No matters other than tapes were mentioned at the above hearing.

In a subsequent teletype, Memphis Office advised that USA, Nashville, has assured criminal matters pending in Jacksonville, Florida, will take precedence over any subsequent civil action that may be filed and insure Government's interest protected.

SAs [redacted] Jacksonville Office, were telephonically contacted this morning to determine the status of the transcripts of the air control tapes in connection with the hijacking on October 4, 1971, of the chartered plane owned by Big Brother Aircraft, Incorporated.

SA [redacted] advised that Jacksonville had made copies of a 40-minute tape recorded at the Jacksonville Airport and in addition had copies of the tapes from the Hilliard Air Control Tower. The Hilliard Air Control Tower is 25 miles northwest of Jacksonville. That tower recorded four reels. This tower picked up the plane after it left Atlanta en route to Jacksonville.

It was reiterated to SA [redacted] the absolute necessity of getting the transcripts of the tapes to the Bureau. He was told that he should have them immediately transcribed and forwarded by the most expeditious means; if necessary, to send them by plane. It was pointed out that ASAC [redacted] would be coming to Washington this weekend; and, if possible, he could bring the transcripts.

It was pointed out the urgency of obtaining the copy of the autopsy report. SA [redacted] stated that the doctor is still conducting examinations and Jacksonville is following this matter very closely and will let the Bureau know as soon as the results are available.

ESTABLISHED COMMUNICATIONS BY BUREAU RADIO BETWEEN THE CONTROL TOWER, THE OFFICE AND ASAC [] AND SA [] IN THE BUCAR AT THE AIR-
PORT. ASAC [] WITH SA [] IN THE BUCAR PARKED IN THE
SOUTHEAST CORNER AT THE END OF THE GENERAL AVIATION STRIP NUMBER ONE
WITH THE FRONT OF THE BUCAR FACING NORTHWEST WITH THE LIGHTS EXTING-
GUISHED. SA [] IN THE TOWER, ASAC [] AND SA [] IN THE
BUCAR ON THE AIRSTRIP OBSERVED HAWK COMMANDER AIRCRAFT N NINE ZERO
FIVE EIGHT N APPROACH THE SOUTHERN END OF THE GENERAL AVIATION STRIP.
MAKING A ONE HUNDRED AND EIGHTY DEGREE TURN FACING NORTH, SHUTTING
OFF ALL LANDING LIGHTS WITH THE EXCEPTION OF THE NAVIGATION LIGHTS AND
BEACON.

b6
b7C

SA [] IN THE TOWER WAS ADVISED BY ASAC [] THAT AS DELAY-
ING TACTIC PILOT SHOULD BE ADVISED THAT THERE WAS NO FUEL AND NO STARTER
AVAILABLE. SA [] CONTACTED THE AIRCRAFT AND ADVISED THE PILOT
TO SHUT DOWN THE ENGINES.

AT THIS TIME SAS [] ARRIVED
IN THE VICINITY OF THE AIRPORT REQUESTING INSTRUCTION FROM SA []
AS TO THEIR FINAL DESTINATION. SA [] INSTRUCTED AGENTS []
[] TO DRIVE TO A LOCATION SOUTH OF THE AIRKAMAN HANGAR WHICH
INSTRUCTIONS WERE SUPPLEMENTED BY ASAC [] ADVISING THEM TO REMAIN
IN THE VICINITY OF THE SOUTHERN END OF THE AIRKAMAN HANGAR. SAS
END PAGE TWO.

PAGE THREE

[] COULD OBSERVE THE SUBJECT AIRCRAFT FROM THIS POINT WHICH WAS APPROXIMATELY TWO HUNDRED FIFTY TO THREE HUNDRED YARDS TO THE NORTHEAST OF THE FRONT OF THE AIRCRAFT.

b6
b7c

THE PILOT OF THE ABOVE CRAFT COMMUNICATED TO SA [] ALLEGING; THAT THE MAN ABOARD THE AIRCRAFT HAD TWELVE POINT FIVE POUNDS OF PLASTIC EXPLOSIVES AND THAT HE DID NOT WANT ANYONE NEAR THE AIRCRAFT. SA [] ACKNOWLEDGED THIS TRANSMISSION AND ASKED THE PILOT IF HIS ENGINES HAD BEEN CUT AND RECEIVED A NEGATIVE REPLY. THE INFORMATION CONCERNING THE EXPLOSIVES AND THE REQUEST OF THE PILOT WERE RELATED BY SA [] TO ASAC [] WHO AGAIN STATED THAT NO FUEL WOULD BE PROVIDED TO THE AIRCRAFT. THE AIRCRAFT WAS FURTHER ADVISED THAT IN ADDITION TO NO FUEL, NO STARTER WOULD BE AVAILABLE IF THE AIRCRAFT CUT ITS ENGINES. THE AIRCRAFT AGAIN RECONTACTED SA [] AND STATED THAT THE PILOT DID NOT THINK THE MAN ABOARD WAS KIDDING AND AGAIN REQUESTED THAT THE FUEL TRUCK BE PROVIDED. THIS INFORMATION RELATED TO ASAC [] AT WHICH TIME HE DIRECTED THAT THE PILOT SHOULD BE TOLD THAT THERE WAS NOT ANY FUEL. SA [] AGAIN RELAYED THIS MESSAGE TO THE AIRCRAFT AT WHICH TIME THE PILOT REPLIED THAT LIVES WERE BEING ENDANGERED AND HE HAD NO OTHER CHOICE BUT TO GO ALONG WITH THE MAN AND AGAIN REQUESTED FUEL. THIS MESSAGE WAS ALSO RELAYED TO ASAC [] AND [] INSTRUCTED THAT SA [] ASK THE PILOT WHERE THE SUBJECT WAS IN THE AIRCRAFT AND WHAT WAS GOING ON INSIDE.

END PAGE THREE

JK 164-103

PAGE FOUR

SA [] RECONTACTED THE AIRCRAFT AND ASKED THE PILOT WHAT THE STATUS OF HIS PASSENGERS WAS TO WHICH HE REPLIED THAT THEY WERE ALL RIGHT AND SA [] ASKED IF THEY WERE MONITORING THE CONVERSATION TO WHICH HE MADE A POSITIVE REPLY. SA [] ASKED IF TWO PASSENGERS WERE ABOARD THE AIRCRAFT BUT NO REPLY WAS RECEIVED TO THIS QUESTION.

b6
b7c

SA [] ASKED THE PILOT WHAT HIS PRESENT FUEL STATUS WAS TO WHICH ~~HE~~ HE REPLIED APPROXIMATELY THIRTY MINUTES WHICH INFORMATION WAS FURNISHED TO ASAC [] AT WHICH TIME ASAC [] DIRECTED THAT THE PILOT BE ADVISED THAT THERE WOULD BE NO FUEL, NO STARTER AND HE COULD RUN HIS ENGINES OUT. THIS INFORMATION WAS FORWARDED TO THE PILOT OF THE AIRCRAFT BY SA [] AND IN ADDITION THE PASSENGERS WERE TOLD THAT THEY WERE TO DEPART THE AIRCRAFT SHOULD THEY BE LISTENING.

THE CONTENTS OF THE MESSAGE ABOVE TRANSMITTED TO THE PILOT WERE RELAYED TO ASAC [] AT WHICH TIME [] STATED THAT THIS WAS A WAITING GAME AND NOBODY WAS TO MOVE UNTIL HE SO ORDERED.

AT THIS TIME SA [] OBSERVED FROM THE TOWER SOMEONE EXIT THE AIRCRAFT AND WALK TOWARDS THE RIGHT SIDE OF THE AIRCRAFT TOWARDS THE CAR WHERE ASAC [] AND SA [] WERE STATIONED. SA [] QUESTIONED THE PILOT AS TO WHO HAD DEPLANED FROM THE AIRCRAFT AND HE REPLIED THAT IT WAS THE COPILOT WHICH INFORMATION WAS IMMEDIATELY COMMUNICATED TO ASAC []

END PAGE FOUR

ASAC [] AFTER A VERY SHORT PERIOD OF TIME ADVISED SA [] THAT THE PILOT OF THE AIRCRAFT SHOULD BE ADVISED THAT HIS COPILOT WAS IN THE BUCAR AND WOULD NOT RETURN TO THE AIRCRAFT. THIS MESSAGE WAS DELIVERED BY SA [] TO THE AIRCRAFT ALTHOUGH NO REPLY WAS HEARD FROM THE PILOT NOR WERE THERE ANY FURTHER TRANSMISSIONS RECEIVED FROM THIS AIRCRAFT.

b6
b7C

AT THIS TIME SA [] WHO WAS ARMED WITH A THREE ZERO EIGHT RIFLE WITH SCOPE, LEFT THE BUCAR IN WHICH SA [] WAS STILL IN AND MOVED TO A CLOSER POSITION WHERE HE COULD BETTER OBSERVE THE AIRCRAFT IN THIS POSITION [] NOTED A LARGE MAN LATER IDENTIFIED AS [] AT THE REAR OF THE AIRCRAFT MOVING TOWARDS ASAC [] AND SA [] AT THIS TIME SA [] BELIEVES THAT HE HEARD TWO MUFFLED SHOTS WITHIN THE AIRCRAFT. SA [] GOT BACK INTO THE BUCAR, TOLD SA [] THAT HE HAD HEARD SHOTS AND SIMULTANEOUSLY ASAC [] DIRECTED AGENTS [] SHOULD MOVE TO A POINT IN FRONT OF THE AIRCRAFT TO BLOCK ANY POSSIBLE EXIT.

ASAC [] INSTRUCTED SA [] TO SHOOT OUT THE TIRES OF THE AIRCRAFT ON THE RIGHT SIDE WHERE THE RIGHT ENGINE WAS STILL RUNNING. SA [] FIRED SEVERAL SHOTS AT THE TIRES AND RETURNED TO THE VICINITY OF WHERE THE SUBJECT [] SECOND MAN TO DEPART THE AIRCRAFT, WAS ON THE GROUND AND [] COVERED ASAC [] AS [] MOVED AROUND THE RIGHT AND FRONT OF THE AIRCRAFT ANNOUNCING

END PAGE FIVE

HIS IDENTITY AND THAT THE OCCUPANTS SHOULD LEAVE THE AIRCRAFT.

SA [] WHO BY THIS TIME WITH SA [] WERE APPROXIMATELY TWENTY FIVE FEET TO THE LEFT FRONT OF THE AIRCRAFT OBSERVED A MAN SITTING; IN THE LEFT FRONT OF THE AIRCRAFT SLIGHTLY TURNING HIS HEAD. AS ASAC [] CONTINUED TO APPROACH THE FRONT OF THE AIRCRAFT FROM THE RIGHT FRONT SAS [] HEARD TWO SHOTS FROM WITHIN THE AIRCRAFT AND OBSERVED ASAC [] DUCK DOWN AND MOVE IMMEDIATELY TO THE LEFT SIDE OF THE AIRCRAFT, WHERE HE PROCEEDED TO SHOOT THE TIRES OUT AT THAT TIME.

ASAC [] MOVED AROUND THE REAR OF THE AIRCRAFT AND MET SA [] WHO APPROACHED FROM THE FRONT AND AT THIS TIME UPON INSTRUCTIONS OF ASAC [] SA [] FIRED TWO ROUNDS FROM THE THREE ZERO EIGHT RIFLE INTO THE RIGHT ENGINE CAUSING IT TO STOP.

SA [] AND ASAC [] THEN WALKED FROM THE RIGHT SIDE OF THE AIRCRAFT AROUND THE FRONT TO THE LEFT SIDE DOOR AND AT WHICH TIME THEY BOTH TOLD SA [] TO MOVE THE BUREAU CAR DIRECTLY IN FRONT OF THE AIRCRAFT TO THE SLIGHTLY LEFT SIDE SO THAT THE HEADLIGHTS WOULD SHINE DIRECTLY INTO THE AIRCRAFT.

ASAC [] AND SA [] THEN OPENED THE DOOR OF THE AIRCRAFT AND OBSERVED THAT THE PILOT AND A MALE AND A FEMALE WERE SHOT WITHIN THE AIRCRAFT WITH ONLY ONE INDIVIDUAL, THE WHITE MALE PASSENGER, STILL BREATHING SLIGHTLY.

October 13, 1971

GENERAL INVESTIGATIVE DIVISION
SUMMARY

Attached concerns hijacking of airplane from Nashville, Tennessee, to Jacksonville, Florida, 10-4-71, where subject shot and killed the pilot, his wife, and himself.

In summary, attached indicates pilot, while in radio contact with tower, made two requests for fuel which were denied by ASAC [redacted]. Pilot also requested no one approach the aircraft. Two Bureau cars were parked in vicinity of aircraft--one, 250 to 300 yards away, and the other, 100 yards from the aircraft. Prior to receiving instructions from ASAC [redacted] to disable the aircraft, SA [redacted] believes he heard shots emanating from inside aircraft. Thereafter, instructions given to disable aircraft, and SA [redacted] shot tires out of aircraft on right side. After tires deflated, ASAC [redacted] proceeded toward plane and was then fired upon by subject from within aircraft. ASAC [redacted] then shot out left tires and instructed SA [redacted] to shoot into engine.

b6
b7C

In view of this supplemental data and considering pending prosecution and civil action against Bureau, it is recommended an Inspector from the Inspection Division immediately proceed to Jacksonville in order to determine the full and complete facts surrounding this incident.

GENERAL INVESTIGATIVE DIVISION b7C

In connection with 10-4-71 hijacking of chartered plane flight from Nashville, Tennessee, to Jacksonville, Florida, attached indicates Federal Grand Jury at Jacksonville today returned true bill charging subject [redacted] with aiding and abetting, kidnapping, air piracy, threatening crew members, and carrying concealed weapon aboard aircraft. If convicted as charged, [redacted] could receive death penalty.

U.S. Attorney (USA) announcing indictment this afternoon and was previously contacted by representative of NBC requesting permission for television coverage of preliminary hearing for [redacted] which was scheduled for 10-14-71. In view of indictment, no preliminary hearing will be held. USA, Jacksonville, believed NBC intended television coverage as attempt to make "circus" out of preliminary hearing.

Jacksonville maintaining close liaison with USA's office for any pertinent developments.

This relates to recent aircraft hijacking on a chartered aircraft from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71. The conversations between the hijacked aircraft and the Jacksonville Control Center have been transcribed and pertinent portions of the transcript are set forth to show the pilot's specific requests and our responses. Conversations between the hijacked aircraft and Jacksonville Control Center were initiated approximately 0423 Eastern Standard Time and the last contact was received from the pilot at approximately 0524 Eastern Standard Time.

At 0437 a.m., the pilot advised he had an unusual situation aboard and requested upon landing to be furnished with flotation gear, charts and approach plates for Freeport. He emphasized he needed refueling and requested everyone stay away from the aircraft. At 0453 a.m., he asked if his request had been complied with and at 0456 a.m., he requested clearance around the plane be kept at 200 to 300 yards. At 0508 a.m., he advised he was on the ground and wanted to know if the fuel truck was there. He again requested the area around the aircraft be kept clear. At 0513 a.m., SA [redacted] Jacksonville Office, made first contact with the aircraft and issued instructions for the pilot to cut his engines. The pilot answered saying he would comply but the aircraft needed refueling and again requested everyone to stay away from the aircraft. He advised Jacksonville Control Center subject had approximately 12.5 pounds of plastic explosives and to please stay away from aircraft. FBI answered pilot advising him he would be provided with no fuel or starter for his engines. Pilot responded advising he did not think this fellow was kidding and requested the fuel truck be brought out to the airplane. At 0518 a.m. pilot was again

Memorandum to Mr. Bates
RE: GEORGE M. GIFFE, JR. (DECEASED)

advised there would be no fuel provided his aircraft and he responded saying, "You are endangering lives by doing this and we have no other choice but to go along and for the sake of some lives we request for some fuel out here please." Pilot was then asked for status of his passengers and amount of fuel aboard aircraft. Pilot responded that passengers were okay and were able to monitor his conversations with Jacksonville Control Center and that he had approximately 30 minutes of fuel. He was again advised by FBI representative that no fuel or starter for aircraft would be provided and to exit aircraft. At 0521 a.m., co-pilot deplaned and Jacksonville Control Center advised pilot at 0524 a.m. that the co-pilot would not be returning to the aircraft. Attempts were made to recontact the pilot of the aircraft from 0524 through 0539 a.m. without successful results.

Co-pilot [] furnished a signed statement b6
to Bureau Agents at Memphis, Tennessee, on 10/7/71, advising that b7C
he and pilot Brent Downs actually had approximately 1½ hours
fuel reserve left after having reached Jacksonville and could have
reached Freeport, Bahamas, with little or no fuel remaining but
purposely did not suggest this to the hijacker for fear he would risk
the flight without refueling. After arriving at the Jacksonville
Airport and being directed to a remote portion of the airfield,
subject Giffe ordered the pilots to take off from the position they
were in but they refused informing Giffe that they had only 30
minutes of fuel remaining. Upon arriving in Jacksonville []
described subject [] as extremely nervous and he received the
impression that [] did not want the airplane to leave
Jacksonville with low fuel even though Giffe wanted to leave. []
advised he volunteered to leave the airplane and request fuel and
Downs told Giffe he would talk to the FBI for more fuel, but []
tapped Downs either with his finger or gun on his right shoulder
and told him to remain on the airplane. Prior to departing the
airplane [] observed Giffe holding a metal box in his lap, saying
something to the effect that he would blow up the airplane. []
advised that when he departed the aircraft he felt he might be
shot in the back by Giffe. [] was unable to recall the actual
sequence of events concerning the shooting.

ACTION: For information.

BACKGROUND: This is in response to the Director's concurrence with Assistant Director Dwight Dalbey's comment that we make a reassessment of our aircraft hijacking policy. This question of policy reassessment was brought to light in view of the recent aircraft hijacking wherein George M. Giffe, Jr., assisted by [REDACTED] abducted Giffe's wife at Nashville, Tennessee, on 10-4-71, and subsequently hijacked a chartered aircraft from Nashville to Jacksonville, Florida, where Giffe shot and killed himself, his wife, and the pilot.

ACTION: In view of the fact that an Inspector has been ordered to Jacksonville to determine the full and complete facts surrounding this incident, it is recommended that an analysis of our policy be held in abeyance until all facts are known and fully appraised.

GENERAL INVESTIGATIVE DIVISION

This concerns the hijacking of chartered flight from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71, where subject Giffe shot and killed his wife, the pilot, and himself. b6 b7C

Attached relates subject [] appeared before U. S. Magistrate, Jacksonville, 10/14/71, for arraignment at which time his attorneys waived reading of indictment and requested permission to file a motion in 30 days concerning Federal Grand Jury indictment.

[] entered plea of not guilty to all four counts.

Attorneys for [] recommended bail be reduced to \$10,000 cash or surety with travel restrictions within States of Tennessee and Florida or between same.

[] appeared before U. S. District Judge Gerald Tjoflat, 10/14/71, on motion for bail reduction and judge initiated order approving reduction of bail.

[] was released on \$10,000 bond and he returned to Nashville.

NASHVILLE, TENNESSEE, ET AL.
POSSIBLE FTCA Federal TORT CLAIMS ACT

On 10/13/71, Attorneys
 contacted this office and requested an interview
with me. *Fla*

I saw in the presence
of Supervisor *pol*

 stated that he represented the Big
Brothers Aircraft Company, the widow of BRENT DOWNS and
the family. stated he was trying
to determine whether or not there was any basis for a
Federal Tort Claims Act suit and he would like to interview
the Agents who were on the scene, including
who was in charge.

I told that I realized that an attorney
of record in criminal proceedings or civil proceedings had
the right to interview any of the witnesses for the government,
and I assumed that all Agents who were on the scene would be
possible witnesses for the government, but the actual suit
had not been filed; that we had a criminal matter which was
pending; and that we were in the process of supplying to the
United States Attorney a detailed report which would include
statements of each individual Agent on the scene. At the time
of a trial the original statements would be made available
to the defense or the plaintiff in civil matters and the
attorney would have the opportunity to cross-examine after
the witness testified.

10/16/71
GENERAL INVESTIGATIVE DIVISION
SUMMARY

This concerns the hijacking of a chartered flight from Nashville, Tennessee, to Atlanta, Georgia. Flight diverted to Jacksonville, Florida, where subject Giffe shot and killed the pilot, his (Giffe's) wife, and himself.

Attached reports article in 10/15/71 "Nashville Banner" indicating Big Brother Aircraft and wife of slain pilot will file over a \$1,000,000 claim 10/15/71 under Federal Tort Claims Act against U.S. Department of Justice, Federal Aviation Administration (FAA) and Department of Transportation. However, check made by close of business failed to indicate such a claim filed in Tennessee.

[redacted] attorney for Big Brother Aircraft, telephoned Nashville FBI Resident Agency claiming two Agents drained fuel from tanks in Jacksonville making no such communication to owner of plane. FBI and FAA personnel refused to speak with him 10/14/71 in Jacksonville and if this means Government is taking a hard line, he will make it hard on Government as above draining of tanks was illegal. [redacted] was advised this matter should be taken up with the appropriate U.S. Attorney's Office.

This is a brief summary of recent developments relating to the October 4, 1971, hijacking of a chartered aircraft from Nashville, Tennessee, to Jacksonville, Florida.

Investigation at Nashville, Tennessee

[REDACTED] co-pilot of the hijacked aircraft, furnished a signed statement in which he advises he is not in disagreement with the FBI's handling of the situation at Jacksonville, stating that if they had been refueled at Jacksonville, he felt he and the pilot, Downs, would have been killed at the termination of the flight. [REDACTED] surmised that Downs may possibly have been dead when FBI Agents fired into the right engine of the aircraft as the propeller went to a feather position after being shot and would not have done so if the pilot had manually shut down the engine.

Autopsy on George M. Giffe, Jr.

A review of the autopsy report on the remains of George M. Giffe, Jr., reflected an analysis of blood and bile specimens indicated Giffe's blood alcohol content was 0.16 per cent and bile narcotics - negative. Anything above 0.15 per cent is considered the legal point of intoxication. Cause of death was listed as cerebral lacerations with numerous fractures of the skull due to gunshot wound in the head.

Giffe apparently shot the pilot and his wife before turning the gun on himself committing suicide.

Memorandum to Mr. Bates
Re: George M. Giffe, Jr. (Deceased);
Et Al.

Release of FAA Tape Transcriptions
to the Press

On October 15, 1971, United States Attorney (USA) John Briggs, Middle District of Florida, Jacksonville, Florida, was contacted concerning two articles relating to conversations between the hijacked aircraft and the FAA appearing in the October 13, 1971, edition of the "Nashville Banner," and the October 14, 1971, edition of the "Nashville Tennessean." These articles contained excerpts and quotations which could have come only from the actual playback of original tapes of the incident. Mr. Briggs advised he had contacted [redacted] the plaintiff's attorney, and he assured Briggs he had not released contents of the tapes to outside parties. Mr. Briggs advised there was an apparent violation of the existing court order regarding the disclosure of the contents of these tapes, and he was submitting his observations and opinions to the Department of Justice for possible further action. b6 b7C

On October 18, 1971, an article regarding the FAA tapes appeared in "The Washington Post." This article sets forth verbatim transcript of the conversation between the FAA control tower at Jacksonville and the pilot of the hijacked aircraft. According to "The Washington Post," shortly after the shooting, someone in the control tower said, "You can't win them all." The "Post" indicated this statement was part of the background conversation audible on the FAA's tape recording, though not included in the transcript obtained by the "Post."

ACTION: For information. The apparent violation of the existing court order regarding disclosure of contents of these tapes is being pursued with the Department to determine if "The Washington Post" and other newspapers which have published this information are in contempt of court. The Jacksonville and Memphis Divisions are being instructed to fully identify the source of this information. Comments regarding the statement, "You can't win them all" set forth in the "Post" article have been discussed with Inspector Wason G. Campbell at Jacksonville, and a copy of the tape has been forwarded to the Bureau to have the Laboratory make a thorough examination, including filtering out all background noises.

October 19, 1971
GENERAL INVESTIGATIVE DIVISION

This concerns the hijacking of a chartered aircraft from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71.

Attached advises ifuel tanks of hijacked aircraft were drained in the presence of Federal Aviation Administration (FAA) officials and fuel aboard aircraft measured 105 gallons. FAA is compiling data for submission to FAA inspectors at Oklahoma City, who will then make determination of exact remaining flight time that would have been available to hijacked aircraft if it would have left Jacksonville without refueling.

Investigation Jacksonville indicates under normal conditions pilot of hijacked aircraft could have used internal power aboard aircraft to restart engines and it would have not been necessary to have airport power units available. Assistant Chief of FAA control tower, Jacksonville, contacted 10/18/71, and advised he never heard statement on original tape indicating anyone said "You can't win them all." Replay of rerecorded tape in his possession fails to indicate such statement made. Agents in Jacksonville control tower 10/4/71, have made positive statement denying they made such a comment or hearing it while they were in tower.

FBI Laboratory is conducting thorough examination of tapes and will filter out background noises.

Chief of Criminal Division
Federal Bureau of Investigation
Washington, D.C.

Dear Sir: *George M. Griffe* 4

I recently read a press report regarding the attempted hijacking of a private plane that resulted in the murder of two persons and the suicide of the hijacker in Jacksonville, Florida.

The press report related that FBI agents, including one [redacted] chose to disable the plane despite fervent pleas from the co-pilot hostage that the hijacker was armed and maniacal.

b6
b7C

I am puzzled and concerned by this alleged conduct of the agents in view of the apparently existing policy of cooperating with armed airplane hijackers who are holding hostages within the airplane.

Did the agents in the above case violate Bureau guidelines in the above area, or otherwise exercise poor judgment?

I would greatly appreciate your response to my inquiry.

Sincerely,

[redacted]

On the morning of 10/4/71, Supervisor [REDACTED] was in telephonic contact with ASAC [REDACTED] Jacksonville Office, following the captioned hijacking. ASAC [REDACTED] was instructed to insure that a complete examination was conducted in connection with the aircraft, with particular emphasis on all shots that were fired either inside or outside the plane. He was instructed to insure that positive identification was made on the deceased female who was believed to be identical with Mr. Susan Giffe. Instructions were given to insure that full major case fingerprints were taken of all persons involved in the hijacking, subjects and victims, and that these prints be forwarded to the Bureau either by facsimile copy or other expeditious means. ASAC [REDACTED] was also reminded of the necessity of thorough interview with the two survivors of the hijacking and that all physical evidence be preserved and forwarded to the FBI Laboratory

Telephone instructions were also given to SAC Joseph V. Baker, Memphis Office, during the morning of 10/4/71 that complete and thorough background investigation should immediately be instituted concerning subjects Giffe and [REDACTED] and that all witnesses concerning the hijacking at Nashville, Tennessee, be immediately interrogated. SAC Baker was also instructed to verify that Susan Giffe was missing and determine background information needed to positively identify her body in Jacksonville.

Mr. Hoover,

I am prompted to corresponding with you as the result of the deaths of George M. Giffe and two other persons on 4 October. Mr. Giffe was a sick man and perhaps the situation he put himself into was not solvable by rational means. However, my prime concern is the stereotyped manner in which your agents responded, resulting in the three deaths. This occurs at a time when authority is held in low esteem, your personal situation is, at best, questionable, and there is a definite trend towards more federal control of the local police forces. As you represent the federal police*** and thus ultimate responsibility, I direct to you the following questions.

Does the United States need a federal police force?

Does the United States need John Edgar Hoover? Or are we in desperate need of a man, young or old, who has a deeper understanding of the present complex world and more realistic solutions to same?

Who should be involved in the choosing, education, and training of those individuals responsible for the direct application of authority to this society? Is an FBI agent, obviously lacking the proper training and discretionary imagination the right man to be chosen to deal with a mentally deranged person.

SI-106

REC-36

164-2042-58

Realizing that your position as a ranking official makes your subordinates actions somewhat untenable, I nonetheless demand thoughtful and honest reply to each of the above.

(FBI-HIJACK)

WASHINGTON--FBI AGENTS REJECTED A WARNING BY THE PILOT OF A HIJACKED PLANE THAT "YOU ARE ENDANGERING LIVES" BY REFUSING TO ALLOW THE CRAFT TO BE REFUELED AT A STOP IN JACKSONVILLE, FLA., TWO WEEKS AGO, THE WASHINGTON POST REPORTED TODAY.

THE POST PUBLISHED EXCERPTS FROM WHAT IT SAID WAS A TRANSCRIPT BASED ON TAPE RECORDINGS, FROM FILES OF THE FEDERAL AVIATION ADMINISTRATION, OF CONVERSATIONS BETWEEN THE PILOT AND GROUND CONTROLLERS AT JACKSONVILLE.

AFTER PILOT BRENT DOWNS LANDED HIS HIJACKED CHARTER AIRLINER AT JACKSONVILLE FOLLOWING A FLIGHT FROM NASHVILLE, TENN., GUNFIRE BROKE OUT. DOWNS WAS SHOT TO DEATH BY THE HIJACKER, MALLORY GIFFE JR., WHO THEN KILLED HIS ESTANGED WIF, SUSAN LAICH GIFFE, WHOM HE HAD FORCED TO ACCOMPANY HIM, AND THEN SHOT HIMSELF.

THE POST SAID IT OBTAINED A COPY OF THE TRANSCRIPT OF THE LAST RADIO TRANSMISSIONS FROM THE PLANE AS IT APPROACHED JACKSONVILLE AND AS IT SAT ON THE GROUND. THE POST SAID DOWNS APPARENTLY HAD BEEN ASSURED BEFORE HE TOUCHED DOWN AT JACKSONVILLE THAT A FUEL TRUCK WOULD BE READY SO THAT HE COULD CONTINUE A FLIGHT TO THE BAHAMAS, AS GIFFE HAD DEMANDED.

THE POST SAID THE ACCOUNT SHOWS THAT FBI AGENTS TOOK OVER THE RADIO OPERATION IN THE CONTROL TOWER AFTER DOWNS LANDED AND ADVISED HIM, WITH HIS PASSENGERS LISTENING, THAT NO REFUELING WOULD BE ALLOWED.

THE ACCOUNT SHOWED THE PILOT RESPONDED THAT, "I DON'T THINK THIS FELLOW'S KIDDIN' -- I WISH YOU'D GET THE FUEL TRUCK OUT HERE."

THE FBI AGENT REPEATED: "THERE WILL BE NO FUEL. I REPEAT, THERE WILL BE NO FUEL."

TO THIS PILOT DOWNS SAID, "YOU ARE ENDANGERING LIVES BY DOING THIS...WE HAVE NO OTHER CHOICE BUT TO GO ALONG AND...FOR THE SAME OF SOME LIVES WE REQUEST SOME FUEL OUT HERE, PLEASE."

 WASHINGTON CAPITAL NEWS SERVICE

Richard M. Nixon
President Of The United States
Washington, D. C.

Dear Mr. President:

I wish to register my shock and disgust of the F.B.I.'s action in Jacksonville, Florida, on October 4, 1971, concerning the F.B.I.'s "attempt" to prevent Mr. George Giffe from skyjacking of a private plane to the Bahamas. From the accounts presented by newspaper s, radio and television news, I can only conclude that the manner in which the F.B.I. handled the situation caused the death of Susan Giffe and Brent Downs.

I consider myself a law and order advocate, but if all I have on the side of law and order is a F.B.I. who know how to shoot first and count the dead later, I have no hope. In the interest of justice, I feel an investigation of the incident is warranted to determine if the F.B.I. acted in a irresponsible manner and in so doing caused the death of Mrs. Giffe and Mr. Downs

Respectfully yours,

Shillington, Pa. 19607

The monthly meeting of captioned committee chaired by General Benjamin Davis, Assistant Secretary of Transportation for Safety and Consumer Affairs, was held at the Federal Aviation Administration (FAA) October 19, 1971, attended by Bureau representative at which time the following items were discussed (agenda attached). It was recommended and approved that a Bureau representative attend the 10/19/71 conference but that should an inquiry be made relative to the recent Jacksonville, Florida, hijacking incident, those in attendance be merely told it concerns a pending criminal and civil action and accordingly, not a matter for discussion by the FBI.

Director of Air Security, FAA, and former SA, had previously been apprised informally of the Bureau's position and when called upon by General Davis to briefly discuss recent aircraft hijackings merely stated that there had been a hijacking of a chartered aircraft and the hijacker had taken his own life. No further mention was made of the incident by and there was no additional comment from those in attendance.

Justice representative commented briefly on Justice-sponsored legislation amending the Crime Aboard Aircraft Statute. Identical bills are in committee in the Senate and House. requested that General Davis and FAA put whatever pressure necessary on Congress to gain passage during the current year. This legislation beefs up penalties for carrying concealed weapons on aircraft and expands FBI jurisdiction over concealed weapons on foreign aircraft.

State Department, reiterated the fact that The Hague Convention calling for uniform treatment of aircraft hijackers by various nations went into effect 10/14/71 after

Gallagher to Bates Memorandum
RE: INTERAGENCY COMMITTEE ON
CIVIL AVIATION SECURITY CONFERENCE
10/19/71

Referral/Consult

ratification by the U. S. 78 nations have signed the convention, 13 have ratified it. In commenting upon the situation, General Davis indicated there had been a vast improvement in the international attitude toward hijacking and while there was no room for complacency this was certainly a step in the right direction and every effort should be made to press for further achievement along these lines. [REDACTED]

[REDACTED]

With respect to the sky marshal program, Customs officials indicated since resumption of training classes, August, 1971, recruitment of sky marshals has been less than satisfactory. This is brought about, in Customs' opinion, by the fact there has been considerable recruitment competition throughout the country in the law enforcement field. In addition, Customs has tightened up on its requirements having had several bad experiences with some of its applicants in the initial drive of last winter and spring. Present complement given as 1132 as opposed to the approved 1625.

[REDACTED] FAA, indicated satisfactory progress was being achieved in turning over screening and policing responsibilities to local authorities. At present, these activities are handled entirely by local police in Richmond, Norfolk, Newport News, Virginia; Oklahoma City; West Palm Beach and Jacksonville, Florida; Nashville, Tennessee; Cincinnati, Dayton, and Columbus, Ohio.

Referral/Consult

Gallagher to Bates Memorandum
RE: INTERAGENCY COMMITTEE ON
CIVIL AVIATION SECURITY CONFERENCE
10/19/71

Referral/Consult

X-ray equipment, magnetometers, etc., are being furnished and FAA representatives have recently returned from a two-week instructional trip.

A representative of the Office of Management and Budget (OMB) outlined newly established policy of that agency which would transfer certain responsibilities dealing with air security to the commercial airlines. By August, 1972, the Federal Government's role would be phased out in connection with preflight screening and baggage inspection. These responsibilities would be those of the air carrier involved. Federal authorities, according to OMB, would merely serve as an inspection and regulatory service. No comment was made by Customs, FAA, and U. S. Marshal representatives in attendance, all of whom have expanded their staffs considerably during the past year in connection with the air security programs. No date was set for the next meeting.

ACTION: For informtion.

As has been previously recommended and approved, since February, 1971 a Bureau representative has attended monthly meetings of captioned committee chaired by General Benjamin Davis, Assistant Secretary of Transportation for Safety and Consumer Affairs. Representatives from the Departments of Justice, Transportation, Treasury, and State attend. [redacted] Number One Man, Criminal Section, was designated as the FBI representative.

Late on October 14, 1971, [redacted] Director of Air Security, Department of Transportation and Assistant to General Davis on the Interagency Committee on Civil Aviation Security (ICCAS), telephonically advised he had included on the agenda of the next conference, October 19, 1971, a discussion by the FBI relative to the hijacking incident of October 4, 1971, at Jacksonville, Florida, which resulted in the death of the pilot of a charter flight, the hijacker, and his wife, whom he allegedly was holding hostage. [redacted] was informed discussion of this incident before the Committee at this time was premature and highly improper since it concerned not only a pending criminal action, but also a civil action against the U. S. Government. He was told under the circumstances the FBI would not discuss this pending investigation before the Committee. [redacted] advised since the agenda had not as yet been mailed to other members of the Committee, he would have it reprinted, deleting the Jacksonville hijacking from the agenda as topic for discussion.

[redacted] then mentioned the Department of Transportation had been besieged with numerous inquiries from various airlines, pilot groups, and members of Congress as to the Jacksonville hijacking incident. Pilot groups, in particular, according to [redacted] were concerned that such an incident could take place aboard a commercial airliner resulting in the death of the pilot and crew, and [redacted] requested some assurance from the FBI that this would not happen. He was informed that the FBI's position and responsibilities

Memorandum to Mr. Bates
Re: Interagency Committee on Civil
Aviation Security Conference

were clearly stated in the agreement between the Departments of Justice and Transportation signed by the Attorney General and the Secretary of Transportation on September 25, 1970, and supplemented by letters from the Deputy Attorney General to the Administrator of the Federal Aviation Administration (FAA), dated July 9, 1970, and from the FBI to the Administrator of FAA, dated September 24, 1970. (This agreement delineates responsibilities of the FAA and FBI in connection with aircraft hijackings. The FBI is designated to make the decision and, where appropriate, to interrupt or take other positive action with respect to a hijacking while the aircraft is not in flight. The communications of July 9 and September 24, 1970, stipulate the permission of the captain is necessary prior to intervention by the FBI in a hijacking situation.

When [] pressed for further assurance emphasizing the concern of his Department, he was informed the record would show the FBI has been concerned over aircraft hijackings for the past decade, long before the establishment of the ICCAS in late 1970. Our primary concern has always been for the safety and welfare of the passengers and crew; and should he or the Department of Transportation have any comments or requests relative to the FBI's responsibilities in hijacking situations, he should make them known in writing through established channels.

ACTION: For information. With respect to the conference of the ICCAS scheduled for October 19, 1971, it is recommended the FBI representative attend, making no comment whatsoever concerning the Jacksonville incident other than to state, if queried, it concerns a pending criminal and civil action and, accordingly, is not a matter for discussion by the FBI. Not to attend could give rise to speculation and unfounded conjecture as to the basis for our absence.

FBI Bungles a Hijacking

Transcript's Tale: Pilot's Plea Ignored, 3 Die

By George Lardner Jr.

Washington Post Staff Writer

When Brent Q. Downs taxied his plane to a stop at Jacksonville International Airport this month, he wondered, nervously, where the fuel truck was.

Downs, a 29-year-old pilot from Nashville, Tenn., had every reason to be nervous. Downs' twin-engine Aero Commander had been commandeered in Nashville at gunpoint by a beefy hijacker who was kidnaping his estranged wife.

Ordered to take them to the Bahamas, Downs was in no mood to argue. But he needed more fuel. He radioed his needs to Jacksonville: fuel, charts, flotation gear and two bottles of Chivas Regal. He was assured that he could refuel without interference, that everything except perhaps for the Scotch, "will be read" as specified.

Instead, the unsuspecting pilot was directed to a parking pad where FBI agents were waiting in the predawn darkness. Abruptly, Downs found another FBI man barking instructions to him from the airport control tower, instructions that he protested were "endangering lives."

The FBI, it was learned yesterday, heard and repeatedly ignored the captive pilot's desperate pleas.

Within minutes, Brent Downs was dead, shot in the back by the hijacker after FBI agents began pumping bullets into the parked plane's wheels and one of its engines.

The hijacker, a 300-pound Nashville real estate agent named George M. Giffe Jr., then turned his 45-caliber automatic on his estranged young wife and finally on himself. All three were dead or dying when the G-men clambered aboard.

Short after the shootings, sources say, someone in the control tower cracked: "You can't win 'em all."

The FBI's refusal to stay away from the plane and let Downs refuel, despite his stated protests, is contained in a hitherto secret transcript of the last radio transmissions between the pilot and authorities. A copy has been obtained by The Washington Post.

The tragedy began early in the morning of Oct. 4 when the 35-year-old Giffe arranged to meet his wife, reportedly on the pretext of saying goodbye before he left the country. According to Nashville police, the couple had broken up a week earlier after a troubled three-year marriage. Mrs. Giffe, police reported, was packed, kicking and screaming, into the back seat of a car that her husband drove to the Nashville airport.

Giffe, who has been quoted by friends as saying he was a sorcerer, leased the plane from Big Brothers Aircraft with the story that he was a doctor and that his wife needed treatment in Miami. But Mrs. Giffe began screaming that she was being kidnaped and Larry Reed, an employee of Big Brothers, asked Giffe for his credentials. At that, Reed said, both Giffe and a friend, Bobby Wayne Wallace, drew pistols and ordered Downs to take off, just before 2 a.m. (CDT).

The police in Nashville reported that Giffe had left five suicide notes in the car he drove to the airport. In one of them, addressed to his father, he said that he had been "ordered to kill." The FBI was notified after the plane left Nashville and dispatched agents to the Jacksonville airport when the pilot radioed he was landing for fuel and other items.

FBI agents already have been publicly excoriated by relatives and associates of the victims. The transcript, based on tape recordings from the files of the Federal Aviation Administration, suggests that their complaints are based on more than emotions.

According to the transcript, Downs was assured several times — first by Jacksonville Air Traffic Control which is located

about 30 miles north of the airport and then by the regular control tower operator at the field itself — that a fuel truck would be standing by when he taxied his plane, code-named "58 November," to its assigned spot. The transcript includes these exchanges, beginning seconds after the privately owned turboprop touched down.

Pilot (Downs): "Is the fuel truck here?"

Tower: "You say is it a fuel truck?"

Pilot: "I say is the fuel truck here?"

Tower: "Affirmative. Taxi straight ahead to the end, commander 58 November, all the way to the end . . . Okay, that's fine. Right there. Park right where you're at."

Pilot: "(This is) 58 November. They are going to keep this area clear. Is that correct?"

Tower: "That's affirmative."

Pilot: "All right. (Pause) What's the car sitting back off to our right?"

Tower: "It's just an airport vehicle as far as I know, sir."

Evidently MW M imm Downs asked that it be moved away. At this point, another voice, that of an FBI agent, took over the control tower microphone. His words are indicated by capital letters.

Tower: "58 NOVEMBER? . . . 58 NOVEMBER. THIS IS THE FBI SPEAKING. CUT YOUR ENGINE."

Pilot: ". . . This is the captain speaking. We're going to cut the engines and we're gonna need some fuel, but I request that everyone stay away."

Tower: "58 NOVEMBER. ADVISE WHEN YOUR ENGINES HAVE BEEN CUT. 58 NOVEMBER?"

Pilot: "This is 58 November. Uh, this gentleman has about 125 pounds of plastic explosives back here and (pause) uh, I got no (pause), uh, yea to join it right now."

~~so I would please explain~~
uh, appreciate if if you would stay away from this airplane."

Tower: "THAT'S A ROGER, 58 NOVEMBER. ARE YOUR ENGINES CUT?"

Pilot: "Negative."

Tower: "STAND BY."

Pilot: "Where's the fuel truck?..."

Tower: "THIS IS THE FBI. THERE WILL BE NO FUEL. REPEAT. THERE WILL BE NO FUEL. THERE WILL BE NO STARTER (which Downs had also requested to get the plane airborne again). HAVE YOU CUT YOUR ENGINES?"

(Pause)

Pilot: "Uh (gasp), look, I don't think this fellow's kidding — I wish you'd get the fuel truck out here."

Tower: "58 NOVEMBER. THERE WILL BE NO FUEL. I REPEAT. THERE WILL BE NO FUEL."

Pilot: "This is 58 November. You are endangering lives by doing this, and, uh, we have no other choice but to go along and, uh, uh, for the sake of some lives we request some fuel out here, please."

(Pause)

Tower: "58 NOVEMBER. WHAT IS THE STATUS OF YOUR PASSENGERS?"

Pilot: "Ah, uh, well, they're okay, if that's what you mean."

Tower: "ARE THEY MONITORING THIS CONVERSATION?"

Pilot: "Yes, they are."

Tower: "DO YOU HAVE TWO PASSENGERS ABOARD?"

(Pause)

Tower: "58 NOVEMBER. WHAT'S YOUR PRESENT FUEL STATUS ON THAT AIRCRAFT?"

Pilot: "We're down to about 30 minutes."

Tower: "58 NOVEMBER. THE DECISION WILL BE NO FUEL FOR THAT AIRCRAFT. NO STARTER. RUN IT OUT, ANY WAY YOU WANT. PASSENGERS, IF YOU ARE LISTENING — THE ONLY ALTERNATIVE IN THIS AIRCRAFT IS TO DEPART."

Here, there was a long pause, apparently for some hurried discussions among those aboard the airplane. Besides Downs, Giffe and his 25-year-old wife, Susan, these included co-pilot Randall Crump and Giffe's friend Wallace, who has since been accused of air piracy and kidnaping for helping Giffe.

At one point, Giffe had urged the two fliers to try to take off without refueling, but, Crump has said, they were afraid to try it in the darkness after looking down the taxiway and spotting a

clump of trees that seemed closer than they actually were. Now, it was decided, Crump would get off the plane and try to talk authorities into letting them refuel.

Pilot Downs cut one of the engines so the prop wouldn't interfere with Crump's departure. The co-pilot hopped out only to be met, he has reportedly said, by armed FBI agents who hustled him into a waiting car some 35 yards away. They do not appear to have been interested in discussing what he wanted to tell them, Crump has been quoted as saying.

The transcript reflects only bits and pieces of all this although the FBI agent in the control tower, named by sources as Frank Burns, was in separate radio contact with agents on the field, led by FBI agent James O'Connor.

Tower: "58 NOVEMBER?"

Pilot: "Yeah."

Tower: "DID SOMEONE DEPLANE FROM YOUR AIRCRAFT?"

Pilot: "That's affirmative. The co-pilot."

(Pause)

Tower: "58 NOVEMBER?"

Pilot: (Muffled reply).

Tower: "THE CO-PILOT IS IN THE CAR AND WILL NOT RETURN TO THE AIRCRAFT. HE WILL NOT RETURN TO THE AIRCRAFT."

Place in file
2/24

A minute or so later, Wallace jumped out, perhaps after having persuaded Giffe that he could succeed where Crump had failed. A pistol reportedly in his belt, Wallace, 32, began moving toward the back of the plane when an FBI agent yelled at him to "hit the ground."

He did as he was told. Meanwhile, agent O'Connor moved to the front of the plane where Giffe spotted him from the cockpit and fired two shots at the FBI man, missing him both times.

O'Connor, sources say, ducked out of range and gave the order to open fire. Bullets sped into the wheels and the engine that was still running, apparently ripping into a fuel line and causing an emergency signal to light up in the cockpit. At this point, co-pilot Crump believes, Downs rushed to cut off the engine and Giffe began shooting again. This time, he didn't miss.

The transcript ends with an unanswered question from the control tower—"58 NOVEMBER?"—and the time, 5:33 a.m.(EDT) Oct. 4.

The "you can't win 'em all" remark, according to sources who asked not to be named, is part of background conversation audible on the FAA's tape recordings though not included in the transcript obtained by The Post.

There is being forwarded to the FBI Laboratory via special messenger, SA [redacted] the following-described evidence in captioned case:

EVIDENCE OBTAINED FROM MEDICAL EXAMINER, DR. CARL H. WELLS,
JACKSONVILLE, FLORIDA

Following items removed from GEORGE M. GIFFE, JR.:

- (1) Bullet and small fragment of metal recovered from between skull and scalp of GEORGE M. GIFFE, JR.
- (2) Piece of metal fragment recovered from a portion of the brain.
- (3) Tissue removed from the right side of the wound of the scalp of the head of GEORGE M. GIFFE, JR.

Following items removed from SUSAN GIFFE:

- (1) Bullet removed from just beneath the skin near the left arm pit.
- (2) Bullet removed from the left portion of the brain.
- (3) Portion of bullet removed from the chest area.
- (4) Portion of bullet removed from below the left breast.

THE FOLLOWING EVIDENCE WAS RECOVERED FROM THE AIRCRAFT

✓ (1) A 9 mm automatic pistol, SN 151170, Walther. This weapon recovered on the aircraft floor between GEORGE GIFFE and SUSAN GIFFE. This weapon believed to be the murder weapon. The magazine clip has not been moved and has not been touched by Agent personnel.

✓ (2) Seven (7) spent shells recovered from the floor of the aircraft in the rear portion between the middle seats and the rear seats. This is the area which was occupied by GEORGE GIFFE and SUSAN GIFFE.

(3) A magazine clip containing seven (7) bullets, .380 caliber. This loaded clip found in the same area as were the seven (7) spent shells and the Walther automatic pistol.

✓ (4) An envelope containing (a) a Belgium automatic pistol, SN 53784, which was recovered from the person of [redacted] and (b) a magazine clip containing fourteen (14) live rounds of ammunition, 9 mm caliber. The magazine was in the automatic pistol at the time it was taken from [redacted] and has been handled by numerous personnel.

b6
b7C

The following items were recovered by SA [redacted] and Investigator [redacted] Office of the Sheriff, Jacksonville, Florida:

(1) A bullet found on the floor under the pilot's left rudder pedal.

(2) A bullet found resting on the pilot's right thigh.

(3) A bullet fragment found on the floor front of the left side seat of the aircraft.

(4) A bullet fragment found in the rear seat under victim SUSAN GIFFE.

REQUEST OF FBI LABORATORY

(1) Medical Examiner, Jacksonville, Florida, states that there was no visible powder or residue marks on the scalp of GEORGE GIFFE. He said this is not uncommon when the weapon is pointed at

such an angle that the blast goes over head of victim. He said he examined some of the brain tissue but that it was in such a condition and there was so much blood in the area that he could notice no visible powder burns or residue. He has removed a piece of tissue from the scalp which is noted above and which he recommends a chemical analysis be made to determine if there is sufficient powder marks, burn or residue to state that GIFFE was shot by a weapon at immediate close range, ie., a wound that is self-inflicted. FBI Laboratory is requested to have this examination done.

(2) All of the bullets and fragments of bullets mentioned above should be examined and then a determination made as to whether they were fired from the 9 mm Walther, SN 151170, or from the Belgium made automatic pistol, SN 53784.

(3) A similar examination should be made of the spent cartridges or shell casings described above.

(4) The 9 mm Walther automatic pistol, SN 151170, should be processed for latent prints and the magazine clip which is in place in this weapon should also be processed for latent prints. Any identifiable latent prints should be compared with GEORGE M. GIFFE, JR., SUSAN GIFFE, [redacted] the pilot BRENT QUINTON DOWNS, and the co-pilot [redacted]

b6
b7c

(5) If possible, a determination should be made if the Belgium automatic pistol, SN 53784, has been recently fired.

The containers which hold the evidence which was obtained from Medical Examiner Dr. CARL H. WELLS reflects the initials CHW and SA MRR.

The above evidence should be returned to Jacksonville upon completion of the FBI Laboratory examination.

UNITED STATES GOVERNMENT

Memorandum

1 - Mr. Conrad
1 - Mr. Griffith
1 - Mr. Blackburn

DATE: 10/12/71

TO : Mr. Conrad

FROM : W. D. Griffith

SUBJECT: GEORGE MALLERY GIFFE, JR. (DECEASED);

MRS. GEORGE M. GIFFE, JR., aka. -
VICTIM (DECEASED)
CAA-HIJACKING; KIDNAPING
(OO:JK)

This case involves the hijacking on 10/4/71, of a small twin-engine chartered aircraft enroute from Nashville, Tennessee, to Atlanta, Georgia. The hijackers reportedly ordered the pilot to divert his flight to Freeport, Grand Bahama Islands. During a fueling stop in Jacksonville, Florida, the subject, the subject's wife and the pilot were killed.

A Jacksonville Agent has delivered items of evidence to the Laboratory consisting of a 9 mm Browning automatic pistol taken from subject [redacted] when arrested; a bullet, two small metal fragments and tissue removed from the head of George M. Giffe, Jr.; two bullets and two bullet fragments removed from Susan Giffe; a .380 Auto caliber Walther automatic pistol, seven cartridge cases and a clip containing seven cartridges found on the floor of the aircraft, and two bullets, a bullet fragment and a metal fragment found in the vicinity of the pilot and floor of the aircraft.

Laboratory examinations revealed that the bullet from the skull of George M. Giffe, Jr.; two bullets from Susan Giffe; a bullet found resting on the pilot's right thigh, and the seven cartridge cases from the floor of the aircraft were all identified as having been fired by the Walther automatic pistol. The remaining bullets and metal fragments did not bear sufficient individual microscopic marks for identification purposes. Flakes of unburned gunpowder were found on the tissue from the head of George M. Giffe, Jr. These flakes did not form a definite pattern which prevented making an accurate muzzle-to-head distance determination. Although the Browning automatic pistol had been fired since last cleaned, it was not possible to determine the length of time since it was last fired.

Dear

[Redacted]

Your letter concerning the hijacking of a private chartered flight to Jacksonville, Florida, on October 4, 1971, was received October 12, 1971.

The hijacking incident to which you refer is currently the subject of actions in the courts, and for this reason I am unable to comment concerning the matter.

I wish to assure you our primary consideration in all aircraft hijacking cases has been and will continue to be the well-being of all persons aboard.

Thank you for your kind comments and offer of support.

Sincerely yours,

J. Edgar Hoover

Washington, D.C.

George MALLORY GIFFE

Campbell
4

Dear Sir:

I am a commercially licensed pilot and concerned citizen who has never before written a letter of protest. But after reading initial reports of the death of a pilot and two others in Jacksonville, Florida, I was stunned.

The news reports say the F.B.I. refused to fuel the aircraft and when the pilot landed and sought fuel, his tires were shot out without his permission...thus leading directly to his death.

A T.W.A. Captain once criticized the Bureau's actions when he was hijacked and ordered to Italy.

I respectfully request, Sir, if the Bureau policy includes dangerous bluffs, this policy be reconsidered immediately. And, if the events at Jacksonville are as reported, there are many pilots who would seriously consider not informing FAA personnel, fearing a federal agency could take unilateral action endangering their lives and equipment. I have no knowledge of what problems your agents faced in Florida. Nor, do I doubt that they acted in the best faith they could help the slain pilot. But under the circumstances, I feel a review, if not outright revision, of policy is called for immediately.

Mr. J. Edgar Hoover
Page II

On an entirely separate matter, Mr. Hoover, let me commend the Bureau on their other operations. I have long admired the quality of F.B.I. staffers, I have worked with them in various cities across the U.S. They have always exhibited great professionalism and courtesy. Finally, I wish to offer you my support in the controversy which has swirled about you and your office. I hope you have a say in the man who will eventually replace you, I think you have done a remarkable job over the years. The F.B.I. efforts to remain out of partisan politics are highly commendable.

Thank you for your consideration, Mr. Hoover, and permit a new American citizen to wish you many more years of healthful and useful life.

Sincerely,

My dear Congressman:

Reference is made to your letter received by this Bureau on October 12, 1971, concerning the chartered aircraft that was hijacked from Nashville, Tennessee, to Jacksonville, Florida, on October 4, 1971.

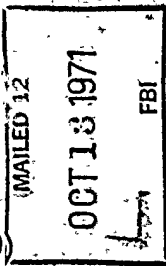

I appreciate your expression of concern for the FBI, and you may be assured that exhaustive investigation into all facets of this case is under way. Since the matter is currently pending before the courts, I am unable to comment further.

BY SPECIAL
MESSENGER

Sincerely yours,

J. Edgar Hoover

NOTE:

Congressman Richard Fulton (Democrat - Tennessee) forwarded a letter expressing his concern for the Bureau's interests in that adverse publicity might be given in connection with the three deaths that resulted when George M. Giffe, Jr. shot and killed the pilot, Giffe's wife, and himself following his hijacking of private chartered flight from Nashville, Tennessee, to Jacksonville, Florida, on 10/4/71. The Congressman's letter sets forth that he has been informed that Bureau Agents fired shots and that subject Giffe did as he had threatened to do. His letter urges an immediate investigation of the incident giving particular attention to conversations between the pilot and Bureau Agents at the airport that the Congressman understands were recorded. The Congressman states he regards his letter as personal correspondence with the Director which he has no intention to release to the press or make public, and he states it is not his desire in any way to embarrass the Bureau or to make our work more difficult. He refers to himself as one who is truly a friend of the Bureau.

Our relations with the Congressman have generally been good, particularly in regard to constituent matters. The Congressman has indicated a propensity recently toward taking sides with U. S. Congressman William Anderson (Democrat - Tennessee). Congressman Fulton is not on the Special Correspondent's List.

The Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

George M. A. L. F. F. E

Campbell

The terrible airline hijacking of a plane at Nashville, Tennessee which led to the loss of three lives is an incident which, I am certain, is of great importance and concern to you as it is to me, the families of the victims, the owner of the aircraft and, in general, the people of the Nation.

There is an additional concern over the fact that the F.B.I. agents fired on this craft after allegedly being told and warned that the gunman was feared to be a very unstable person, one whom, I am told, the pilot said had threatened to kill all aboard and himself if the plane were not permitted to proceed. Whether or not this is the case your agents did fire and the gunman did exactly as it was alleged he threatened to do and did what the pilot and co-pilot believed he would do.

I have been told that the co-pilot was permitted to leave the aircraft at Jacksonville, Florida to discuss the danger inside the plane but that despite his pleas and urgings the decision was made to fire on the aircraft anyway.

Now, I do not know whether or not these allegations are true. They are only heresay as far as I am concerned. However, this is the story which, I understand is being carried by the press in Nashville and undoubtedly will be picked up by the Washington Columnists, particularly Jack Anderson.

CORRESPONDENCE

The Honorable J. Edgar Hoover

Page 2

October 5, 1971

As one who is truly a friend of the Bureau I bring this to your attention and respectfully request that, if you have not already done so, you launch an immediate investigation of this incident, giving particular attention to conversations between the pilot inside the aircraft and your men on the airfield which, I understand, are recorded. A full disclosure of the facts will benefit the Bureau, be a comfort to the bereaved and a reassurance to the American people that every effort was made to prevent what happened from happening.

I regard this as a personal piece of correspondence from me to you, Mr. Director, one which I certainly do not intend to release to the press or make public. It is not my desire to in any way embarrass the Bureau or make your work more difficult.

Very respectfully yours,

Richard Fulton, M.C.

GEORGE GIFFE 4 DF

Dear Mr. Hoover:

GEORGE M. GIFFE, JR.

The purpose of this letter is to send to your offices the enclosed article on the Giffe airplane hijacking case. It greatly saddens me and my family when I hear the criticisms of the F.B.I. It is almost more than one can bear. In any case this article written by a friend of the Giffe's makes one feel that because of their personal situation, they were responsible for a tragic end.

I hope that this article will help you.

Sincerely,

[Redacted Signature]

The Way It Was:

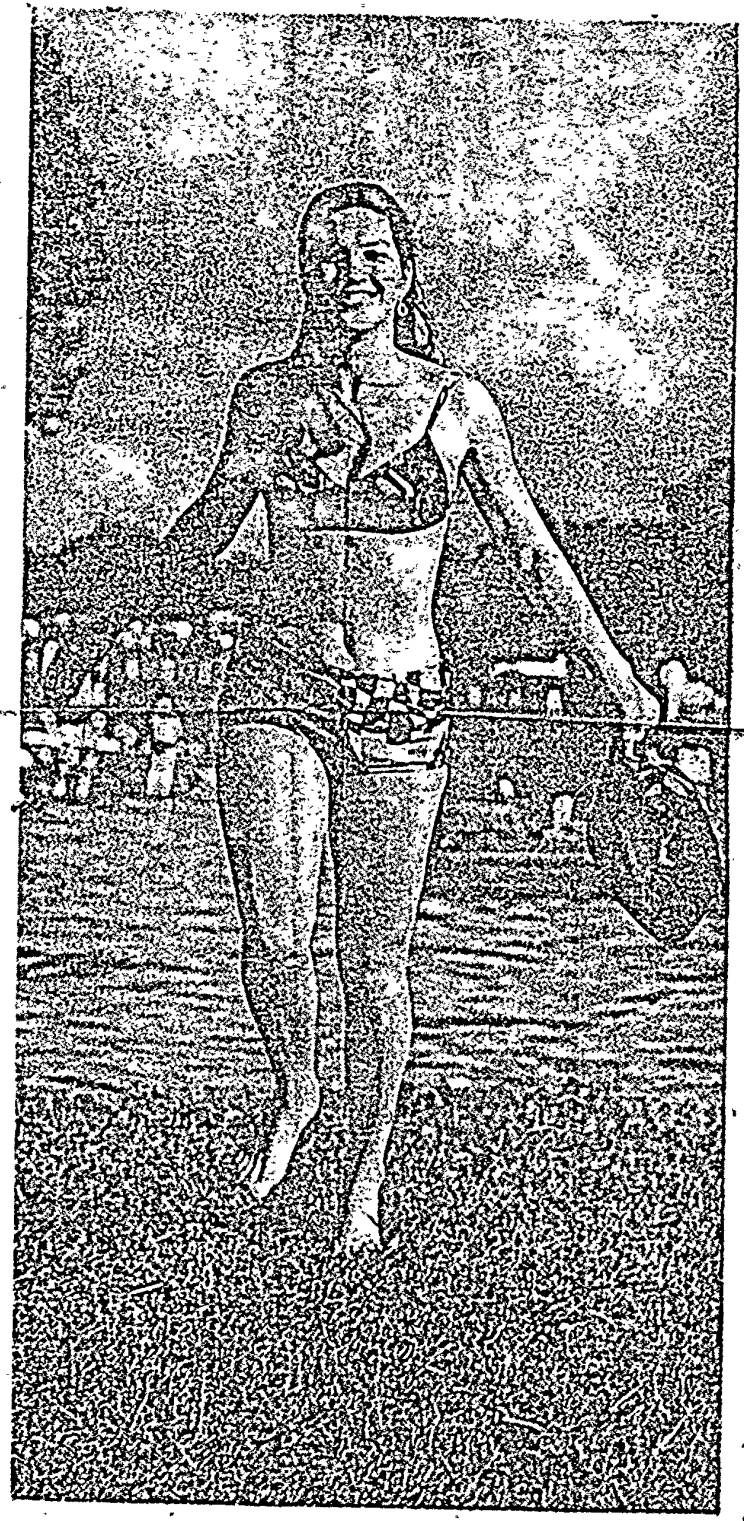

Four years ago, Susan Lakich modeled for TENNESSEAN photographer Gerald Holly at Old Hickory Lake, posing for the cover picture, below, of the June 18, 1967, Sunday Magazine, and also for the picture at right. A year later, Susan married George Giffe. Three years after that, both Susan and George were dead, in one of the strangest and most bizarre plane hijackings ever attempted. Staff writer Jim Andrews knew the ill-starred couple, and his memories of that friendship appear in today's Magazine, beginning on page 6.

SUSAN GIFFE (DECEASED) - VICTIM
BRENT DOWNS (DECEASED) - VICTIM

CRIME ABOARD AIRCRAFT - HIJACKING

Additional facts concerning the hijacking of the private charter flight from Nashville, Tennessee, to Jacksonville, Florida, this morning when three persons were killed have been learned by the Jacksonville Office from interviews.

Subject states he operates the Labri Lounge Nightclub in Nashville and has known subject Giffe from five to eight weeks. Giffe promised to obtain financing for club and on 10/3/71 Giffe contacted to drive Giffe and his wife, Susan, to the airport at about midnight. He states he drove Giffe's Cadillac to the airport where Giffe and his wife began an argument and Giffe pulled one of two guns in his possession. He gave the second gun to and told him to keep it with him. Giffe, his wife, the pilot and copilot took off for Atlanta and Giffe then instructed the pilot to fly to Freeport, Bahama Islands, and when told they did not have sufficient fuel, he instructed they fly to Jacksonville to refuel.

After the plane landed at Jacksonville, the tower advised there was no fuel available. Giffe instructed the copilot to get off the plane and attempt to obtain fuel. When he did not return Giffe instructed to go and see if he could obtain fuel for the flight. was arrested by Bureau Agents after he left the plane.

copilot, advised he was contacted on 10/3/71 to go with a charter flight from Nashville to Atlanta, departing at 1:15 a.m. 10/4/71. He arrived at the airport shortly after midnight and prepared for the flight. At about 1:45 a.m. Giffe, his wife, and arrived and Mrs. Giffe was fighting and screaming and Giffe and threw her to the runway to subdue her. Giffe produced a badge and credentials

Memo to Mr. Bates from Gallagher
Re: GEORGE M. GIFFE, JR. etc.

saying he was with CIA and that his wife was a mental patient they were taking to Atlanta for treatment. Once on board Giffe pulled a gun and forced the pilot to fly to Jacksonville en route to Freeport, Grand Bahama Islands. Giffe also made the statement that he had explosives aboard in his luggage that he would detonate unless his instructions were followed. (No explosives have been located.)

En route to Jacksonville they radioed for extra fuel and supplies for overseas flight. Once they landed in Jacksonville the tower advised there was no fuel available and Giffe commanded they take off immediately. The pilot said there was insufficient fuel and requested permission to leave the plane to obtain more fuel. Copilot [] departed the plane and informed Bureau Agents as to what had transpired and stated he had no intention of returning to the plane in view of circumstances.

Jacksonville is filing Crime Aboard Aircraft - Hijacking charges against [] and Copilot [] is remaining at Jacksonville to give testimony.

CIA headquarters has advised that the subject is in no way affiliated with that Agency.

ACTION:

The matter is being closely followed and a letter to the Attorney General is being prepared.

TELETYPE TO SAC JACKSONVILLE
RE: GEORGE MALLERY GIFFE, JR. (DECEASED)

NOTE: By referenced teletype Memphis, advised that U. S. District Judge in Tennessee, issued an order impounding airport tower tape recordings made in Jacksonville concerning the hijacking wherein subject Giffe shot and killed the pilot of a chartered flight, his wife and himself in Jacksonville on 10/4/71. The Judge's order is pursuant to a \$100,000 suit filed against the Bureau by the chartered flight company and by the parents of subject Giffe's wife who was one of the victims in this case.
